# 1785 "The House of Lea" 1914

## AND ITS SERVICE TO MEDICAL SCIENCE IN AMERICA

An American House in its 130th successful year proves its public value by that fact. Institutions here stand on merit only. "The House of Lea" antedates the American Constitution of 1789 by four years. It witnessed the rise and fall of Napoleon, the War of 1812, the Mexican War of 1848, the long agony of the Civil War, and the triumph over Spain in 1898. It went through the panics of 1819, 1837, 1857, 1873, 1884, 1893 and 1907 with credit unimpaired. It was never stronger and more serviceable than today, and there is no reason why it should not as easily reach its third century.

Fair dealing is the essence of such permanence. In the long run the public detects, avoids, and so crushes those who do not deal fairly by it. "Let the buyer beware," says the law, a caution especially valuable to the purchaser of books. For instance, he should judge the age of a book by the date of its *copyright*, NOT by the *date on its title page*. In Lea & Febiger's books these dates will be found to agree. Similarly the word "edition" is often misused and applied to a mere printing from unaltered or slightly altered plates to give a book a fictitious appearance of freshness. In Lea & Febiger's books an "edition" means a revision. The difference in both cases is important to the purchaser.

The "Lea Imprint" shown above is the stamp of sterling medical literature. The motto of the imprint, "*Quae Prosunt Omnibus*"—"Those Things Which Benefit All"—is manifestly apt. The rod is the staff of Mercury, the god of arts and sciences, teacher of Æsculapius, the demi-god of medicine. Mercury, walking in a garden, endeavored to separate two snakes, which thereupon twined on his staff, where he fixed them. Thereafter the snake-entwined staff was Mercury's emblem. The wings of the staff typify Mercury as the messenger of the gods and the diffuser of knowledge. As a whole, the imprint denotes the universal benefits flowing from the diffusion of medical knowledge.

This hallmark is affixed to books only after careful selection. Presence in the list of books which it identifies is recognized the world over as *prima facie* evidence of the standing of their authors, and as a guarantee of value to their purchasers. These publications are moreover the criterion in physical form as well as literary contents. "The House of Lea," now Lea & Febiger, can justly claim a leading share of credit for American preeminence in medical literature.

Catalogues and Descriptive Circulars mailed on request. Physicians may for the asking have their addresses filed for early information regarding new books and new editions as issued. Correspondence Invited.

## Stereoroentgenography of the Alimentary Tract

BY

**JAMES T. CASE, M.D.**

Lecturer on Roentgenology, Northwestern University Medical School, Chicago; Roentgenologist to Battle Creek Sanitarium, Battle Creek, Michigan, and to St. Luke's Hospital, Chicago; Attending Roentgenologist to Cook County Hospital, Chicago

We have now published thirty sections devoted entirely to the illustrating, by the means of a stereogram, the steps of surgical technique. It has been thought wise to include in this series several sections devoted to X-Ray investigation. Two new sections devoted entirely to "*Stereoroentgenography of the Alimentary Tract*" are now in course of publication and will be ready early in January.

It is the purpose of Dr. Case to divide this work into two sections, the first devoted to esophagus, stomach, duodenum, and the second to the intestines, both small and large.

In the two sections there will be about ninety stereoroentgenograms. In addition to these a large amount of descriptive text, besides line-drawings and halftone illustrations.

In the first section Dr. Case has planned to include a discussion of the normal esophagus, esophageal diverticula, carcinoma, cardiospasm and esophageal distortions due to other causes. In addition to this he will discuss and illustrate, among

other things, the normal stomach, carcinoma of the stomach, gastric and duodenal ulcer and hourglass stomach. Duodenal obstruction and gall stones will come for extended consideration. The gall stones will be shown, both in relation to the stomach and to the colon.

In the second section on the colon, Dr. Case will discuss acute and chronic small intestine obstruction, Lane's kinks, ileal stasis associated with ileocecal valve incompetency, adhesions of the cecum, ileocecal region adhesions, chronic appendical disease, Jackson's membrane aberrant sigmoid, spastic constipation, carcinoma of the colon, fecal fistulae, etc. There are, in addition to the above named, a number of interesting conditions which the stereos illustrate. The stereoroentgenograms are exceptionally good. Many of them have been admired throughout this country and Europe, and these sections of the Clinic are well worthy of a large circulation.

The announcement of other publications on X-Ray will appear in the near future.

# The Practical Medicine Series

## 1914—OF YEAR BOOKS—1914

### The Standard Authority on the World's Progress in Medicine and Surgery

COMPRISING TEN VOLUMES  
THIRTEENTH YEAR

Whatever is new, selected and concisely arranged for reference and reading, finds its way by means of these volumes into the permanent convenience of the practitioner's working library, bringing it fully up to date.

ORDER NOW ON APPROVAL

Beginning in February, the volumes are published at about equal intervals during the year.

Representing, as it does, the latest and most valuable research, not of one man but of all the workers in Medicine and Surgery everywhere, this series is pre-eminently the best literature to be found in medical book form.

To do the best work of which he is capable, it is essential for the physician to have a complete and ready means of access to all that is most recent in the development of his profession.

In the ten 12mo volumes comprising the 1914 Practical Medicine Series, the publishers offer a complete and permanent record of the recent advance in every department of Medicine and Surgery—systematized, and edited in the most able and authoritative manner.

EVERY SOURCE OF INFORMATION IS UTILIZED. The important character of the text, its practical arrangement, with all on one subject in one place in one volume, each volume indexed, the low cost and convenient method of publication—make the Practical Medicine Series *invaluable to every practitioner*.

The books are printed in large, clear type on a fine quality of paper, are well illustrated, and handsomely bound in cloth. Each volume is on a different subject and brought practically up to date of publication.

The cost of the complete series of ten volumes is but \$10.00, payable \$1.00 each time a volume is delivered.

Sign the CONDITIONAL ORDER COUPON, noting terms, and mail it to us and we will be pleased to send Volume I as soon as published ON APPROVAL.

TRUTHS: Talks with a Boy Concerning Himself. 50 cents.

HERSELF: Talks with Women Concerning Themselves. \$1.00.

HIMSELF: Talks with Men Concerning Themselves. \$1.00.

FALSE MODESTY: That Protects Vice by Ignorance. 50 cents.

Physicians are being consulted more than ever for books on sexual hygiene. Do you realize that the only books on the subject which have been endorsed by the entire medical press are the notable books by Dr. E. B. Lowry? They meet every requirement and avoid the objections made to all other books on the subject. The author is a physician of wide experience and a gifted writer. You will be glad to own these books and you will win gratitude from your patients for recommending them.

"Dr. Lowry's books are excellent and can be safely recommended."—*The Journal of the American Medical Association*.

"Every physician should read and circulate the Lowry books."—*Journal of Therapeutics*.

"Dr. Lowry's 'Herself' should be recommended by physicians to all their female patients."—*The Lancet-Clinic*.

# ARGYROL

(SILVER VITELLIN)

Has the property of allaying pain and other symptoms of inflammation.

Incidentally, its effects in eradicating germ-produced diseases has been proved Clinically by authorities, in thousands of cases during the past twelve years.

These facts explain why Argyrol is considered, the world over, a superior remedy in the treatment of gonorrhea (injection of 10 per cent. solution every three hours); also in inflammations of the eye, throat, nose and ear (25 per cent. solution instillation or local application).

*IF IRON IS INDICATED*

# OVOFERRIN

*(See description "New and Nonofficial Remedies.")*

should be prescribed, because it has well-defined general tonic properties and does not disturb digestion or produce constipation.

Ovoferrin acts quickly in building haemoglobin and red blood cells.

Indicated in anaemia, malnutrition and nervous exhaustion.

---

Ovoferrin is furnished by druggists, on prescription, in twelve ounce bottles. The dosage is one tablespoonful in wine-glass of water or milk three times daily.

## The Postal Life Insurance Company pays *you* the Commissions that other Companies pay their agents

**T**HE POSTAL LIFE is the only Company that opens its doors to the public so that those desiring sound insurance-protection at low cost can deal **directly** for it, either **personally** or by **correspondence**.

Whether you call or write, you make a **guaranteed** saving corresponding to the agent's commission the **first year**, less a moderate advertising charge. Your first year **Commission Dividend** ranges up to

### STRONG POSTAL POINTS

**First:** Standard policy-reserves, now nearly \$10,000,000. Insurance in force nearly \$50,000,000.

**Second:** Old-line legal reserve insurance—not fraternal or assessment.

**Third:** Standard policy-provisions, approved by the State Insurance Department.

**Fourth:** Operates under strict State requirements and subject to the United States postal authorities.

**Fifth:** High medical standards in the selection of risks.

**Sixth:** Policyholders' Health Bureau provides one free medical examination each year, if desired.

**40%** of the Premium  
on Whole-Life Policies

In subsequent years you get the **Renewal Commission** other companies pay their agents, namely 7½%, and you also receive an Office-Expense Saving of 2%, making up the

Annual Dividend of **9½%** Guaranteed in the Policy

And after the first year the POSTAL pays **contingent dividends** besides, depending on earnings as in the case of other companies.

Such is the POSTAL way; it is open to **you**. Call at the Company's offices. If convenient, or **write now** and find out the exact sum it will pay **you** at **your age**—the **first year** and **every other**.

### See How Easy It Is

In writing simply say: *Mail me insurance-particulars for my age as per*

**AMERICAN MEDICAL DIRECTORY**

In your letter be sure to give

1. **Your Full Name.**
2. **Your Occupation.**
3. **The Exact Date of your Birth.**

No agent will be sent to visit you: the Postal Life employs no agents.

Where the Original and Only Genuine HORLICK'S Malted Milk is made.

**Always Specify  
HORLICK'S**

It is located in the Country, and is surrounded by the most ideal and hygienic conditions. It is the largest and best equipped of its kind in the world. It controls its own malt houses, has its own sanitary dairies, and is so favorably situated, with an abundance of pure air and pure water, that the slightest risk of contamination from sewage, vitiated air or infectious disease is precluded.

# **The Mulford**

## **Antitoxins, Serums, Bacterins, and Pharmaceuticals are the Standard**

**Physicians should bear in mind** that different brands of pharmaceutical and biological products differ widely in regard to their therapeutic value. This variation accounts for many of the failures to secure results from the administration of well-known products.

**The proper preparation and standardization** of pharmaceuticals and biologicals requires exceptional technical skill and expert knowledge, together with unlimited facilities for scientific research.

**The H. K. Mulford Company are leaders in drug standardization**, and to-day the Mulford brand is recognized as a guarantee of superiority throughout the world.

**Our large staff of scientists and experts** and extensive connections with hospitals and other institutions enable us not only to keep in constant touch with the progress of bacteriological science but also to obtain the various strains of pathogenic microorganisms so absolutely necessary to the production of effective and polyvalent serums and bacterins.

## TEXT BOOK REFERENCES TO THE USE OF BEN- GER'S FOOD

"Benger's Food we have found of real use in quite young infants who were going progressively backward or were stationary on other foods."—*Rotunda Practi- cal Midwifery*.

"The Food (Benger's) is a very good one and usually agrees well."—*Wasting Diseases of In- fants and Children*.

"Partially-malted cereal foods . . . Benger's Food is somewhat similar, but the partial conversion is accomplished by pancreatic ferments."—*Article on Infant Feeding*, in "Encyclopedia Med- ica."

"The food (Benger's) is spe- cially valuable for marasmic in- fants over six months of age, and it may be given with advantage, if cautiously watched, to much younger infants who cannot dig- est ordinary cow's milk."—*"System of Diet and Dietetics."*

## BENGER'S FOOD IN INFECTIOUS DISEASES

### Children's Diet in Fevers

"The patient may prefer Ben- ger's Food; most of the children take Benger's Food well."—*In- fectious Diseases*. (Oxford Medical Publications.)

### Typhoid Fever

"I have always found Benger's Food a most useful preparation, and employ it perhaps more fre- quently than any of the others."

"It is a valuable food in Ty- phoid Fever."—*"System of Diet and Dietetics."*

### Diphtheria

#### Diet in Convalescence.

". . . . Supper.—A glass of milk, bread and milk, oat flour porridge, or Benger's Food, as preferred."—*"Infectious Dis- eases."* (Oxford Medical Publi- cations.)

"Among Proprietary Foods Benger's is one of the most useful preparations, especially for cases of continued fever."—*Food and Feeding in Health and Diseases*.

**For Infants, Invalids and the Aged** is quite distinct from any other food obtainable.

Benger's Food is unique in combining the two natural digestive principles, Amylopsin and Trypsin, in such a man- ner that these become active while the food is being prepared with fresh new milk.

## THE NORMAL PRESCRIPTION FOR BENGER'S FOOD IS—

"Set aside fifteen minutes for digestion."

If allowed to stand at one stage of its preparation, Benger's Food is self-digest- ive, both as regards the milk with which it is prepared and the Food itself.

By indicating the time of standing, 5 to 45 minutes, the physician is able to adapt Benger's Food to the physical condition of the patient.

**For Infants, Invalids and the Aged** is quite distinct from any other food obtainable.

A physician's sample with analysis and report will be sent post free, upon appli- cation, to any member of the Medical Profession.

## REFERENCES TO USE OF BENGER'S FOOD IN DIS- EASES OF THE DIGES- TIVE TRACT

### ARTICLE ON ULCERS OF THE STOMACH

"If the patient gets tired of milk, or if it be not well borne, Benger's Food may be tried."—*System of Medicine*.

### Diet in Gastric Irritation

"For the midday meal 12 to 1, milk and Benger's Food made quite thin, with the white of an unboiled egg beaten up in it, a little salt being added."—*Func- tional and Organic Diseases of the Stomach*.

### Acute Enteritis

"Thinly made Benger's is often most useful."

### Dilatation of the Stomach

"Peptonized milk, Benger's Food are the most suitable, and should be given in small quanti- ties at intervals of four hours."

### Chronic Gastritis

"Such food as is required should be of the simplest charac- ter, milk and soda water thinly prepared, Benger's Food are most suitable, and should be given in small quantities."—*Manual of Medicine*.

## DIET IN DISEASES OF THE STOMACH

### Gastric Ulcer

Benger's Food can be given at 4:30 p.m., and at 10:00 p.m.

### Chronic Ulcer (post operative)

On the third day some carbo- hydrate may be added in the form of Benger's Food.

### Chronic Gastritis

The carbo-hydrate element is best given in the form of Benger's Food—*System of Diet and Dietetics*.

### Carcinoma of the Stomach

"Benger's Food may be found useful."

# NEW YORK POLYCLINIC MEDICAL SCHOOL AND HOSPITAL

341-351 West 50th Street, New York, City

Founded in 1881; the first organization for post-graduate medical instruction in America.

New School and Hospital Building opened May 1, 1912.

A Maximum Capacity of 300 medical and surgical beds, a large Dispensary Clinic, and an Accident and Emergency Ambulance Service, covering a district with a resident population of 360,000, insure a clinical material equal to every demand of post-graduate teaching.

Special Laboratory Courses to limited classes in Bacteriology, Serum Therapy, Blood Reactions, and in the various analyses essential to diagnosis.

## Subdivisions of Study

**Surgery:** General, Orthopedic, Genito-Urinary, Rectal and Neurological.

**Medicine:** Clinical Medicine and Physical Diagnosis, Diseases of Children, Diseases of the Digestive System, Neurology, Dermatology and Obstetrics.

**Special Subjects:** Diseases of the Eye, Ear, Nose, Throat, Radiography and Electro-Therapeutics.

The Faculty and Trustees have introduced a course of individual instruction which includes a special personal training in the laboratory as an aid to diagnosis, in anesthesia, in operative technic and bedside treatment. Matriculants for this course act as Assistant on the Intern Staff.

Students especially desirous of utilizing every opportunity for instruction may room in the hospital, and be subject to call night or day.

Instruction is continuous throughout the year, and so arranged that a physician may begin study at any time.

*For announcement of special courses, see medical journals.*

In addition to the regular clinical courses, we offer General Operative Courses on the Cadaver, and in intestinal work on dogs. Also Special Operative Courses on the Cadaver in Eye, Ear, Nose and Throat. These classes afford the best possible medium for anatomical review, and the acquirement of modern surgical technique. Short practical courses are given in the examination of Blood, Pus, Sputum, Urine, Gastric Juice, and in bacterins. These courses are continuous throughout the year. *The Chicago Polyclinic Training School offers superior facilities for young women desiring to become nurses.*

# Washington University Medical School

THE Washington University Medical School continues the work of the St. Louis Medical College, founded in 1842, and the Missouri Medical College, founded in 1840. In 1891 the St. Louis Medical College became the Medical Department of Washington University and in 1899 the Missouri Medical College was merged with this department.

With the aid of funds donated by philanthropic citizens of St. Louis the Medical School has been reorganized in all departments. An affiliation has been established between the Barnes Hospital and the St. Louis Children's Hospital and Washington University by which the University agrees to provide the medical staffs of the hospitals and the hospitals permit the University to use the institutions for purposes of teaching.

## REQUIREMENTS FOR ADMISSION

Candidates for entrance are required to have completed at least two full years of college work, which must include English, German and instruction with laboratory work in Physics, Chemistry and Biology.

## INSTRUCTION

Instruction begins on the last Thursday in September and ends on the second Thursday in June.

Clinical instruction is given in the Barnes Hospital, in the St. Louis Children's Hospital, in the Mullanphy Hospital and in the dispensaries connected with these institutions. During the session of 1914-1915 the Medical School will occupy its new buildings immediately adjacent to the Barnes Hospital and the St. Louis Children's Hospital, which are affiliated with the Medical School.

## COURSES LEADING TO ACADEMIC DEGREES

Students in Washington University may pursue study in the fundamental medical sciences leading to the degree of A.M. and Ph.D.

## GRADUATE INSTRUCTION

Summer courses for physicians in medicine, surgery, obstetrics, various specialties, pathology, bacteriology, physiology and pathological chemistry, are given during June.

## TUITION

The tuition fee for undergraduate medical students is \$150 per annum.

The catalog of the Medical School may be obtained by application to the

## **The Department of Medicine**

Has carefully graded courses of eight months each. The new five-year course includes a first or pre-medical year in Physics, Chemistry, Biology and German, in lieu of which, however, satisfactory credits for equivalent work in recognized academic or scientific colleges and universities will be accepted. Thoroughly practical instruction; Free Quizzes; Limited Ward Classes; Clinical Conferences. Particular attention to laboratory work, ward work and bedside teaching. Largest and finest clinical amphitheater in the world.

## **The Department of Dentistry**

Offers superior advantages to students. Abundance of material for practical work in the Dental Infirmary. College clinics present splendid opportunities for practical study of general and oral surgery. Dental students accorded same clinic privileges as medical students. Quizzing conducted by Professors free of charge.

## **The Department of Pharmacy and Pharmaceutic Chemistry**

Is also an integral part of the institution, thoroughly organized and equipped to prepare graduates not only for positions in pharmacy but also for those created by the new Federal Pure Food and Drugs Act or any in which a practical knowledge of analytic chemistry is essential.

Address the Dean of the Department in which you are interested for an illustrated catalogue, describing courses in full and containing information as to courses, methods, fees, etc.

## School of Medicine of the University of Pennsylvania

—FOUNDED 1765—

The annual session opens the last Friday in September and closes the third Wednesday in June.

**REQUIREMENTS FOR ADMISSION:** Candidates must have successfully completed work equivalent to that prescribed for the Freshman and Sophomore Classes in Colleges recognized by this University, which must include collegiate courses in Physics, General Biology or Zoology and Chemistry (Qualitative Analysis is required; Organic Chemistry is recommended), together with appropriate laboratory exercises in each of these subjects, and two languages other than English (one of which must be French or German). For detailed information send for catalogue. Certificates from recognized colleges covering these requirements will be accepted in place of an examination.

**UNDERGRADUATE COURSE:** The course of instruction extends over four annual sessions, the work so graded that the first and second years are largely occupied by the fundamental medical subjects. The third and fourth years are largely devoted to the practical branches, prominence being given to clinical instruction, and the classes sub-divided into small groups so that the individual students are brought into particularly close and personal relations with the instructors and with the patients, at the bedside and in the operating room. It is strongly recommended that after graduation further hospital work be undertaken by members of the class; and more than 80 per cent. attain by competitive examination or by appointment positions as internes in hospitals in this city or elsewhere. The Pennsylvania Bureau of Medical Education and Licensure will hereafter require of applicants for license, a year spent in an approved hospital.

**POST-GRADUATE WORK:** (1) Any graduate possessing a baccalaureate degree may pursue work in Anatomy, Physiology, Physiological Chemistry, Bacteriology, Pathology, Neuropathology, Pharmacology, Research Medicine and Mental Diseases with view of obtaining the higher degrees of Master of Arts or Science and of Doctor of Philosophy in the Graduate School of the University. For information address Dean of Graduate School, University of Pennsylvania.

(2) Courses in Public Health (inaugurated in 1906), leading to diplomas (Doctor of Public Hygiene, Dr. P.H.) are open to graduates in Medicine. The subjects comprehended in the course are: Bacteriology, Medical Protozoology and Entomology, Chemistry, Sanitary Engineering, Sanitary Architecture, Meat and Milk Inspection, School Inspection, Vital Statistics, Sanitary Legislation, and Personal and General Hygiene.

The full course extends over one academic year. Special subjects in the course may be taken by any one possessing suitable preliminary qualifications. For details address Director of Laboratory of Hygiene.

(3) From the opening of each term to about February 1 courses in Tropical Medicine are open to graduates in medicine comprehending instruction in Medical Climatology and Geography, Hygiene of Tropics and of Ships, Tropical Medicine, Bacteriology, Protozoology, Entomology, Helminthology, and General Medical Zoology, Pathology, Skin Diseases, Eye Diseases, and Surgery of Tropical Affections.

(4) During the academic session special courses in any of the branches of the medical curriculum are open to graduates of this or other regular schools of Medicine, both in the clinical subjects and in laboratory studies. The excellent hospital facilities offered by the University Hospital, the neighboring Philadelphia General Hospital and other institutions with which the members of the staff of instruction are connected, guarantee exceptional opportunities for clinical observation.

**TUITION FEE:** Undergraduate study, \$200 annually; fees for special courses on application. For detailed information or catalogue address

### ADMISSION

Candidates for admission must be graduates of approved colleges or scientific schools with at least one year's instruction, including laboratory work, in physics, chemistry and biology, and with evidence of a reading knowledge of French and German.

Each class is limited to 90 students, men and women being admitted on the same terms. *Except in unusual circumstances applications for admission will not be considered after July 1st.*

If vacancies occur, students from other institutions desiring advanced standing may be admitted to the second or third year, provided they fulfill all of our requirements and present exceptional qualifications.

### INSTRUCTION

The academic year begins the first Tuesday in October and closes the second Tuesday in June. The course of instruction occupies four years, and especial emphasis is laid upon practical work in the laboratories, in the wards of the Hospital and in the Dispensary.

### TUITION

The charge for tuition is \$240 per annum, payable in three instalments. There are no extra fees except for rental of microscope, certain expensive supplies, and laboratory breakage.

### Summer Work For Graduates in Medicine

Beginning June 1st, courses in Medicine, Surgery, and various specialties, as well as in several of the underlying scientific branches, will be available for graduates in Medicine. These courses will extend over six weeks and are fully described in a special circular.

The annual announcement, application blanks, and circular describing graduate courses may be obtained by addressing the

## UNIVERSITY OF PITTSBURGH

### The School of Medicine

The School of Medicine of the University of Pittsburgh offers two courses of instruction—one the regular four-year all medical course leading to the degree of M.D., for which the entrance requirements are two years of recognized college work, including courses in Chemistry (Inorganic and Organic), Physics, Biology and German or French, in addition to a four-year high school course; the other a six-year combined collegiate and medical course leading to degrees of B.S. and M.D., for which the entrance requirements are a four-year high school course or its equivalent.

The School now occupies a thoroughly-equipped laboratory building on the University Campus. The Medical School is in affiliation with two general and five special hospitals, representing a combined bed capacity of over fourteen hundred beds. Clinical work is given to small sections of the class in these affiliated hospitals. The required work includes residence in a Maternity Hospital with board and room furnished.

The twenty-ninth Annual Session begins September 28th, 1914.

### ANNOUNCEMENT

Since October, 1910, this Institute has taken an advanced progressive step in abandoning the old methods now in vogue, discarding the cords treatment, and in adopting instead the use of the brain substance properly treated and attenuated and rendered safe by having its virulence destroyed.

Furthermore, in severe cases, the treatment is combined with injections of anti-rabic serum, all prepared in our laboratory.

Our methods of conducting the **biologic reactions represent the last word in the technique of serum diagnosis.**

Our Wassermann tests are being constantly checked under our personal observation against all types and stages of clinical syphilis, thereby reducing the possibility of error to a minimum.

Special care is exercised in the preparation of our autogenous vaccines, to preserve the maximum of potency.

In all our work we employ only the most accurate and approved methods for each test, without reference to expense for materials or time involved in doing the work. Short-cut commercial methods, which usually are inaccurate and unreliable, are avoided.

Work of an exacting character, in which careful personal attention to technique is desired, is especially solicited.

Sterile containers and complete directions for collecting blood for Wassermann and Complement Fixation Tests furnished on request. (Abderhalden's tests do not yield reliable results if specimens are sent by mail; they must be taken in our laboratory.)

# INTRODUCTORY

The Fourth Edition marks a distinct advance over its predecessors in completeness and comprehensiveness. The medical data in the last edition have been carefully examined, verified and corrected. The basic characteristics have been retained and many new features have been added.

Numerous requests have been received urging that this edition give the specialties, not only of members of special medical societies, but of all physicians. To comply with these requests it was necessary, first, to divide arbitrarily the practice of medicine into general divisions, in which all the finer subdivisions could be included, and secondly, to permit all practitioners to state their individual preference. A list of specialties (see page 56) was then compiled and sent to every physician in the United States and Canada, with a stamped card, on which the recipient was asked to state whether he was especially interested in, or limited his practice to, one of the special branches of medicine, or was engaged in general practice. This information was entered following the physician's data as personal statements and not verifiable.

Over 12,000 names of physicians have been added to this edition, including the recent graduates. The system of avoiding duplication used in previous editions has been continued in the present volume. Completeness, accuracy and utility are the high ideals for which the American Medical Association stands in the production of the Directory.

## THE DIRECTORY IS DIVIDED INTO THREE GRAND DIVISIONS

First: Information relating to national and interstate matters. Second: Information relating to state and provincial matters, names of physicians whose addresses are unknown and the addenda. Third: Names of physicians arranged alphabetically by name followed by their addresses.

THE AMERICAN MEDICAL ASSOCIATION (pages 57-63).—The information regarding the Association includes the officers, 1913-1914; the Constitution and By-Laws; the Principles of Medical Ethics, a list of the places of the annual sessions and names of those who presided at each.

**FIRST DIVISION—(Pages 57-152).**  
National Matters, Societies, Government Officers, Colleges, Libraries, Journals and Members of Special Societies and Comparative Statements of Hospitals and Physicians.

**NATIONAL AND INTERSTATE SOCIETIES (pages 64-68).—**  
The list includes year of organization, date and place of next meeting and officers. A list of members of the Continental Anglo-American Medical Society is given with their locations.

**MEDICAL OFFICERS OF GOVERNMENT SERVICE (pages 69-94).—**This group contains a list of physicians in the United States Army, Navy and Public Health Service, Indian Field Service and the Pension Bureau. Following each name in the ARMY AND NAVY LIST will be found the year of birth, medical college and year of graduation and date of commission; also retired officers, and the Medical Reserve Corps on active service. After the names of OFFICERS OF THE PUBLIC HEALTH SERVICE is given the rank in service, year of birth, medical college, year of graduation and date of commission and also date of entering service. The list of the physicians of the INDIAN FIELD SERVICE (new feature) gives the birth, medical college, year of graduation and location. A full list is presented of the EXAMINING SURGEONS OF THE PENSION BUREAU (pages 81-94). It is arranged by states and cities at which the various boards meet, with officers of each board.

**MEDICAL COLLEGES OF THE UNITED STATES AND CANADA (pages 95-111)** are presented alphabetically by name so that any college active or extinct may be readily located. Following this list is the CLASSIFICATION OF MEDICAL COLLEGES prepared by the Council on Medical Education of the American Medical Association, revised to March 1, 1914. THE HISTORICAL MATTER ON MEDICAL COLLEGES (page 99) has been thoroughly revised and corrected. It contains names and a brief history of all colleges, existing or extinct, in the United States, Canada and the Philippine Islands, with date of organization and record of the changes. The names of the existing colleges are printed in black type, and the names of the respective deans or secretaries and the number of matriculants and graduates for 1912-1913 are given.

**THE FOREIGN MEDICAL COLLEGE KEY-TABLE (page 110),** which is arranged alphabetically by countries, includes the key numbers, names and addresses of foreign colleges and the licensing bodies of England, Ireland and Scotland.

**MEDICAL LIBRARIES (pages 112-115)** belonging to state and county medical societies, colleges, hospitals, state boards of health, etc., and the medical departments of public libraries are included in a list, arranged by states and cities, and giving the number of volumes, name of librarian and when possible the date established.

**MEDICAL JOURNALS** (pages 116-121), include official publications of national and state societies, journals devoted to one of the several specialties of medicine and hygiene, boards of health, alumni, etc. The information furnished includes year established, publisher, editor, when issued and subscription rate.

**MEMBERS OF SPECIAL SOCIETIES** (pages 122-151) comprise a list of 6,414 physicians especially interested in one or more of the several branches of medicine. The societies are arranged under seven general groups designated by letters. The A group refers to Surgery, Gynecology, Obstetrics and Anesthesia, numbering 1,229 names; B, Ophthalmology, Otology, Laryngology and Rhinology, numbering 1,700 names; C, Dermatology and Urology, 463 names; D, Pediatrics and Internal Medicine, 591 names; E, Neurology and Pediatrics, 846 names; F, Pathology, Bacteriology and Anatomy, 1,423 names; and G, Roentgenology, 162 names. In each group the names are listed by states, and each state is divided into sections, the large cities appearing first, followed by the other names in the state. The names in each portion are arranged alphabetically.

The information given under each state includes laws, licensing and health boards, societies, hospitals, sanatoriums, homes and charitable institutions and medical information concerning each physician.

**SECOND DIVISION** (Pages 153-1722). The states in alphabetical order, dependencies of the United States, Canada, Physicians whose addresses are unknown and Addenda.

**MEDICAL PRACTICE LAWS** of each state will be found preceding the list of physicians. They have been revised to date and include all amendments. For convenience the subject treated in each section is indicated in capital letters at the head of the section. Lists of Medical Examining Boards, Boards of Health, officers of the State Medical Association, president and secretary of each component society, County and City Health officers have been carefully revised.

**HOSPITALS, SANATORIUMS**, including state and charitable institutions having hospitals under their control, are arranged by cities. This list has been thoroughly revised and furnishes the most complete and accurate list yet published. When obtainable, the following information is given; location, date of establishment, whether public or private, number of beds, character of cases treated, name of physician in charge or superintendent. All unethical institutions so far as possible are omitted.

**THE LIST OF PHYSICIANS** is really a biographical cyclopedia. The names of physicians are grouped under states and towns, names of states, towns and individuals being arranged in alphabetical order, following the physician's name are the medical college and year of graduation verified from official alumni lists and the year of license, also verified from reports received from state licensing authorities. In addition, whenever possible, the year of birth, membership in county and state societies, fellowship in the American Medical Association, membership in national and local special medical societies, professorship in medical colleges and the specialty practiced, or in which the physician is interested, are given. In towns of 10,000 and over, the residence and office address and the office hours are stated. All information is taken from official rosters except specialty information, which is furnished by the physician. ALASKA, CANAL ZONE, HAWAII, PHILIPPINE ISLANDS AND PORTO RICO follow the states and are in turn followed by CANADA, arranged alphabetically by provinces, and have been revised and brought up to date.

**PHYSICIANS—ADDRESS UNKNOWN** (pages 1681-1713).—A list of graduates of Medical schools with their medical data and last known addresses has been compiled. Many of these physicians have retired from practice and many have engaged in other business; a number may have died. These names appear in the alphabetical index followed by the symbol §. Information concerning any of these physicians will be thankfully received.

**ADDENDA** (pages 1714-1722).—Includes new names, also corrections, removals and deaths received too late to classify in the Geographical Section. These names are indicated in the alphabetical index with the symbol † for new names or corrections and ‡ for deaths.

**INDEX OF PHYSICIANS** is a list of all the physicians in the directory arranged alphabetically by name, with their locations (state and city). Surnames are printed in capital letters. Full names are given in place of initials whenever possible. The address which follows the name indicates the portion of the geographical division where complete information may be found. An additional city appearing in parenthesis indicates a residence in one city and an office in another. The full data will be found in the first-named city. The symbol § indicates that the

name will be found in the list of physicians whose addresses are unknown; † refers to a new name or correction in the addenda; ‡ indicates deceased during the printing of the book. When there are different spellings of the name, under each form of the name is given a list of the other variants as; "Cane: see Caine, Cain, Kane, Kean, Keen, Keene."

**THE PAPER** used in this Directory was imported from Belgium; this for the double purpose of having strong, opaque, and yet thin, paper. While much more expensive, it means not only better and more lasting quality, but also a more satisfactory book to handle.

#### APPRECIATION

To the secretaries of the various medical licensing boards in the United States and Canada, to the officers of medical colleges, county societies and state associations and the thousands of correspondents who have so cordially assisted us in making possible this edition, we extend our thanks and express our appreciation.

# KEY TO DIRECTORY

*This directory contains an enormous amount of information of various kinds, but this fact will not be appreciated unless the reader studies the Contents on page 51 and Index on page 52. Much more information has been incorporated in this than in any previous edition. To save space, symbols and abbreviations have been liberally used; it is important that the reader thoroughly familiarize himself with these, as well as with the various departments of the directory. THE INFORMATION IS HERE, BUT MUCH OF IT IS AVAILABLE ONLY THROUGH THE USE OF THE KEY.*

## Symbols and Abbreviations

## Part III—Index of Physicians

(Pages 1723-2234)

Names of physicians are arranged alphabetically by surnames.

Full names are given in place of initials whenever possible. The address which follows each name indicates the portion of the classified directory where complete information regarding the physician is given. Key to symbols used in the index:

† Refers to addenda (page 1714).

‡ Indicates death. Date of death noted in addenda (page 1714).

\* Address unknown (page 1681).

## Special Explanatory Notes

### Addenda (Page 1714)

The addenda include the names of physicians received too late to classify; also corrections and deaths recorded during the printing of the directory. These names appear in the index, followed by the symbols † for addenda and ‡ for death.

### Addresses Unknown (Page 1681)

It has been deemed advisable to include in this edition an alphabetical list of physicians, with data, whose present locations are unknown. These names appear in the index, followed by the symbol \*.

### Local Address and Office Hours

Local addresses and office hours are given in all cities of 10,000 population and over.

### Number of Physicians

The number is given in cities that have one hundred (100) or more physicians; numbers by states, see page 152.

### Pathologists, Bacteriologists, Dentists, Etc.

Pathologists, Bacteriologists, Dentists, Osteopaths, etc., are included in this directory when they are medical graduates. If not in medical practice, no license is required.

### Physicians Listed Under Two Places

When a physician lives in one town and has an office in another, all data are given in one place, only name and reference in the other.

### Population

Population given at the beginning of each state and after each city in the United States, Hawaii and Porto Rico is based on the 1910 Census. Population given in the provinces of Canada is based on the 1911 Census.

### R. F. D. and Neighboring P. O.

Names of cities and towns are printed according to the Official Postal Guides of the United States and Canada. The prefix Saint is abbreviated, as St. Louis. (R. F. D.) is given in all places receiving mail by rural free delivery; (P.O.) in all places receiving mail at a neighboring post-office. These post-offices must always be used in addressing physicians in such places.

### CONSTITUTION AND BY-LAWS

#### CONSTITUTION

##### Article 1.—Title

The name and title of this organization  
shall be The American Medical Associa-  
tion.

##### Article 2.—Object

The object of this Association shall be  
to promote the science and art of medi-  
cine. Contributing to this end, the Associa-  
tion shall endeavor to unite into one com-  
pact organization the medical profession of  
the United States for the purpose of fos-  
tering the growth and diffusion of medical  
knowledge, of promoting friendly intercourse  
among American physicians, of safeguard-  
ing the material interests of the medical  
profession, of elevating the standard of medi-  
cal education; of securing the enactment  
and the enforcement of just medical laws,  
of enlightening and directing public opinion  
in regard to the broad problems of hygiene,  
and of representing to the world the prac-  
tical accomplishment of scientific medicine.

#### Article 3.—Membership

The membership of this Association shall  
consist of the members in good standing in  
its constituent state and territorial associa-  
tions.

There shall be conducted by the American  
Medical Association a scientific session in  
which all members of the Association who  
qualify as hereinafter provided in the By-  
Laws as Fellows of the American Medical  
Association shall be privileged to partici-  
pate.

#### Article 4.—Constituent Associations

State and territorial medical associations  
which have, or which hereafter may, become  
organized in accordance with the general  
plan of organization of the American Medi-  
cal Association, and which have declared  
by resolution their allegiance to the said  
American Medical Association, and which  
shall agree with other state and territorial  
medical associations to the formation and  
the perpetuation of the House of Delegates  
of the American Medical Association, shall  
be recognized as Constituent Associations on  
acceptance of their applications for recog-  
nition by the House of Delegates; pro-  
vided, however, that the term territorial  
associations shall be held to include the as-  
sociations of the District of Columbia, of  
the Canal Zone, and of the insular posses-  
sions of the United States.

#### Article 5.—House of Delegates

Section 1. There shall be a business body  
known as the House of Delegates of the  
American Medical Association. It shall  
consist of delegates elected by the con-  
stituent associations and by the scientific  
sections of the American Medical Associa-  
tion, and appointed by the Surgeon-Gen-  
erals from the medical departments of the  
Army, Navy and the United States Public  
Health Service, in accordance with the by-  
laws hereinafter provided: Provided, how-  
ever, that no Constituent Association, sci-  
entific section of the American Medical As-  
sociation, or medical department of the Army,  
Navy or the United States Public Health  
Service may be represented in the House of  
Delegates by a member of the Board of  
Trustees of the American Medical Associa-  
tion. It shall represent the delegated pow-  
ers of the members of the American Medi-  
cal Association, and shall be the national  
representative body of the Constituent As-  
sociations. It shall elect the general officers  
of the Association and a board of nine  
Trustees, and shall transact all the gen-  
eral business of the Association of a public,  
professional, scientific or other nature that  
is not otherwise provided for. The Trus-  
tees shall be members of the House of De-  
legates without the right to vote.

Sec. 2. The total voting membership of  
the House of Delegates shall not exceed 150.  
The medical departments of the Army and  
of the Navy, and the United States Public  
Health Service and the scientific sections  
shall each be entitled to one delegate, and  
the remainder shall be apportioned among  
the Constituent Associations in proportion  
to their actual active membership as here-  
inafter provided in By-Laws.

#### Article 6.—Sections

In order to systematize the scientific  
work of this Association, there shall be  
formed sections, each of which shall be  
devoted to one of the recognized branches  
into which the science and art of medi-  
cine are for convenience divided. New sec-  
tions may be created or existing sections dis-  
continued by the House of Delegates.

**Article 7.—Branches**

The House of Delegates may create such branch organizations as may be deemed essential to promote the welfare of the medical profession.

**Article 8.—Annual Sessions**

The Association shall hold an annual session at a time and place to be fixed by the House of Delegates. The time and place of the session may, however, be changed by the unanimous action of the Board of Trustees at any time prior to two months of the time selected for the session. The annual session may be held at any place in the United States.

**Article 9.—Officers**

Section 1. The general officers of this Association shall be a President, four Vice-Presidents, a Secretary and a Treasurer.

Sec. 2. These officers shall be elected annually by the House of Delegates, to serve for one year, or until their successors are elected and installed.

Sec. 3. No member of the House of Delegates shall be eligible to the office of President or Vice-President.

**Article 10.—Board of Trustees**

Section 1. The Board of Trustees shall have charge of the property and of the financial affairs of the Association.

Sec. 2. Three Trustees shall be elected annually by the House of Delegates, each to serve for a period of three years.

**Article 11.—Funds**

Funds shall be raised by an equal assessment of not more than ten dollars annually on each of the members; from the Association's publications, and in any other manner approved by the Board of Trustees. Funds may be appropriated by the Board of Trustees to defray the necessary expenses of the Association; to enable standing committees to fulfil their respective duties and to conduct their correspondence; to encourage scientific investigations by the giving of prizes and awards of merit; to carry on its publications, and for any other purpose approved by the Board of Trustees or recommended by the House of Delegates.

**Article 12.—Amendments**

The House of Delegates may amend any article of this Constitution at any annual session, provided that the proposed amendment shall not be acted on until the next annual session following that at which it was introduced, and providing that three-fourths of the voting members of the House of Delegates registered at the session at which action is taken vote in favor of such change or amendment.

**BY-LAWS**

**Business and Legislation**

**Chapter I.—Qualifications, Term, Apportionment and Registration of Delegates**

Section 1. DELEGATES MUST HAVE BEEN FELLOWS OF THE AMERICAN MEDICAL ASSOCIATION TWO YEARS: No one shall serve as a member of the House of Delegates who has not been a fellow of the American Medical Association for at least the two years immediately preceding the meeting of the House of Delegates at which he is to serve.

Sec. 2. TERM: Delegates and alternates from constituent associations shall be elected for two years. Constituent associations entitled to more than one representative shall elect them so that one-half, as near as may be, shall be elected each year. Delegates and alternates elected by the sections, or delegates appointed from the United States Army, United States Navy and United States Public Health Service shall hold office for one year.

Sec. 3. APPORTIONMENT OF DELEGATES: At the annual session of 1903, and every third year thereafter, the House of

Delegates shall appoint a committee of five on reapportionment, of which the President and the Secretary shall be members. The committee shall apportion the delegates among the constituent associations in accordance with Article 5, Section 2, of the Constitution, and in proportion to the membership of each constituent association on April 1 of each year in which the apportionment is made, as shown by the certificates of membership submitted by the secretaries of the constituent associations. This apportionment shall take effect at the annual session next succeeding that at which it is made, and shall prevail until the next triennial apportionment, whether the membership of the constituent association shall increase or decrease.

Sec. 4. REGISTRATION OF DELEGATES: Each delegate, before being seated, shall deposit with the committee on credentials a certificate signed by the secretary under the seal of the constituent association stating that he has been legally and regularly elected a delegate to the American Medical Association. Each delegate from a section shall present credentials signed by the chairman and the secretary of the section which he represents. Each delegate from a government service shall present credentials from the Surgeon-General of the department which he represents.

Sec. 5. A DELEGATE, ONCE SEATED, TO RETAIN HIS SEAT FOR THE ENTIRE SESSION: The credentials of a delegate having been accepted by the committee on credentials and his name placed on the roll of the House, he shall remain the duly accredited delegate of the body which he represents until final adjournment of the session, and his place shall not be taken by any other delegate or alternate.

**Chapter II.—Procedure of House of Delegates**

Section 1. ORDER OF BUSINESS.—The following shall be the order of business, unless otherwise ordered:

1. Call to order by the President.
2. Roll call.
3. Reading and adopting the minutes.
4. Reports of officers.
5. Reports of committees.
6. Unfinished business.
7. New business.

Sec. 2. LIMIT OF TIME FOR INTRODUCTION OF NEW BUSINESS: No new business shall be introduced into the House of Delegates after the second day of the annual session (third day of the House of Delegates), unless with unanimous consent; and such new business, whether in the form of a motion, a resolution or a memorial, shall require a two-thirds affirmative vote for adoption.

Sec. 3. RULES OF ORDER: The House of Delegates shall be governed by Robert's Rules of Order when not in conflict with these by-laws or with the rules of the House.

Sec. 4. QUORUM: Twenty voting members of the House of Delegates shall constitute a quorum for the transaction of business.

**Chapter III.—Meetings of the House of Delegates**

Section 1. REGULAR SESSIONS: The House of Delegates shall meet annually on the day preceding the opening of, and at the same place as, the annual session of the Association.

Sec. 2. SPECIAL SESSIONS: Special sessions of the House of Delegates shall be called by the President on written request of at least twenty-seven delegates representing a majority of the constituent associations. When a special session is called by the President, the Secretary shall mail a notice to the last known address of each member of the last House of Delegates at least twenty days before such special session is to be held, in which notice shall be specified the time and place of meeting and the objects of such special session. No other business shall be transacted at the special session than that specified in the call.

**Chapter IV.—Nomination and Election of Officers, Associate and Honorary Fellows, Installation of Officers**

Section 1. NOMINATIONS: Nominations for office shall be made orally, but a nominating speech must not exceed two minutes. The Treasurer shall be nominated by the Board of Trustees.

Sec. 2. METHOD OF HOLDING ELECTIONS: All elections shall be by ballot, and a majority of the votes cast shall be necessary to elect. In case no nominee receives a majority of the votes on the first ballot, the nominee receiving the lowest number of votes shall be dropped and a new ballot taken. This procedure shall be continued until one of the nominees receives a majority of all the votes cast, when he shall be declared elected.

Sec. 3. TIME OF ELECTION: The election of officers shall be the first order of business of the House of Delegates after the reading of the minutes on the afternoon of the third day of the annual session.

Sec. 4. ASSOCIATE AND HONORARY FELLOWS: Applications for associate fellowship from foreign physicians must be approved by the Judicial Council; applications from dentists must be approved by the Section on Stomatology, from pharmacists by the Section on Pharmacology and Therapeutics, and from representative teachers and students of sciences allied to medicine by the officers of a section.

Nominations for honorary fellowship shall be made by the sections and must be submitted to the House of Delegates not later than the second day of the annual session. These applications and nominations shall be referred without debate to the Committee on Sections and Section Work, which shall consider the scientific attainments and professional character of the applicants and report to the House of Delegates.

The election of associate and honorary fellows shall immediately follow the election of officers. Not more than three honorary fellows shall be elected in any one year.

Sec. 5. INSTALLATION: The general officers of the Association, except the President, shall assume their duties at the close of the last meeting of the annual session at which they are elected.

Sec. 6. INSTALLATION OF THE PRESIDENT.—The President shall be installed at the general meeting of the annual session following that at which he was elected.

**Chapter V.—Duties of Officers**

Section 1. PRESIDENT: The President shall preside at the general meeting and at the meetings of the House of Delegates, and shall perform such duties as custom and parliamentary usage require. On the morning of the first day of the annual session following his election he shall deliver an address at the general meeting on such matters as he may deem of importance to the Association. He may at any time make suggestions in writing to the House of Delegates or to any special or standing committee.

Sec. 2. VICE-PRESIDENTS: The Vice-Presidents shall assist the President in the performance of his duties; during his absence, or at his request, one of them shall officiate in his place. In case of the death, resignation or removal of the President, the vacancy shall be filled by the ranking Vice-President.

Sec. 3. SECRETARY: The Secretary shall give due notice of the time and place of all annual and special sessions of the Association and of the House of Delegates in The Journal of the American Medical Association. He shall send an official notice of each annual or special session to the secretary of each constituent association and to the secretary of each section. He shall keep the minutes of the House of Delegates. He shall notify members of committees of their appointment and of the duties assigned them. He shall verify the credentials of the members of the House of Delegates and shall provide a registration book in which shall be recorded the name of each delegate in attendance at each session, together with that of the association, government service or section which he represents. He shall prepare a roll of the dele-

gates attending each session to facilitate voting by roll call. He shall prepare for publication the official program of each session, and shall perform such other duties as may be directed by the House of Delegates, the Board of Trustees or the General Manager.

**Sec. 4. TREASURER:** The Treasurer shall be the custodian of all moneys, securities and deeds belonging to the Association which may come into his possession, and shall hold the same subject to the direction and disposition of the Board of Trustees. He shall give to the Board of Trustees a suitable bond for the faithful performance of his trust, and shall receive for his service a salary to be fixed by the Board of Trustees.

**Sec. 5. OFFICERS TO COMPLETE BUSINESS OF SESSION:** All business of each annual session shall be completed by the officers (including section officers) who have served through the session.

#### Chapter VI.—Board of Trustees

**Section 1. BOARD OF TRUSTEES:** The Board of Trustees shall have charge of all properties and of the financial affairs of the Association. At the first meeting of the Board after the annual session of the Association, it shall organize by electing a chairman and secretary, and the chairman shall appoint such committees as may be necessary or desirable. It shall be the duty of this Board to provide for and to superintend the publication of The Journal of the American Medical Association, and of all proceedings, transactions and memoirs of the Association. It shall have full discretionary power to omit from The Journal of the American Medical Association, in part or in whole, any paper that may be referred to it by any of the sections. It shall appoint a general manager and an editor of The Journal, which two positions may be held by one person, and such assistants as may be necessary, and shall determine their salaries and the terms and conditions of their employment. All resolutions or recommendations of the House of Delegates pertaining to the expenditure of money must be approved by the Board of Trustees before the same shall become effective. During the annual session of the Association the Board shall hold meetings as often as may be deemed necessary by the chairman, and all matters referred to it by the House of Delegates shall be reported on within twenty-four hours, if so requested by the House. The Board of Trustees shall have the accounts of the Treasurer and of The Journal office audited annually or oftener, if deemed necessary, and shall make an annual report on the same to the House of Delegates, which report shall also specify the character and cost of all the publications of the Association during the year and the amount of all property belonging to the Association. In case of a vacancy in the office of Treasurer or Secretary, on account of death or otherwise, the vacancy shall be filled by the Board of Trustees until the next annual session of the House of Delegates. The Board of Trustees shall fix the salary of the Secretary and of the Treasurer. Regular meetings of the Board shall be held immediately after the annual session of the Association, and on the first Friday in the month of February of each year. Special meetings of the Board may be called at any time by the chairman, or by five members of the Board, by mailing a written or printed notice to the last known address of each trustee, at least five days before such meeting is to be held, in which shall be specified, in general terms, the object of such special meeting, and no other business shall be transacted thereat; provided, that if at any time a meeting of the Board be held at which all the trustees are present, the proceedings of which are approved in writing by every member of the Board, said meeting and proceedings shall be valid, without any previous notice having been given. Five members of the Board shall constitute a quorum. During the intervals between the sessions of the House of Delegates the Board of Trustees shall supervise the action of committees constituted by the action of the House.

**Sec. 2. TRUSTEES TO CONTROL SESSION:** The Board of Trustees shall have full control of all arrangements for the annual sessions and shall provide meeting places for the Association, House of Delegates and the various sections. It shall also have control of all exhibits. The Board of Trustees, in their discretion, may appoint a local committee of arrangements, which shall be at all times under the control of the Board of Trustees.

#### Chapter VII.—Committees

**Section 1. CLASSIFICATION OF COMMITTEES:** Committees shall be classified as (a) Standing Committees, (b) Reference Committees, and (c) Special Committees. These committees shall be nominated by the President and elected by the House of Delegates, unless otherwise provided for in these by-laws. Any of these committees acting during the interval between the sessions of the House of Delegates shall be subject to the Board of Trustees. In case of vacancies in committees occurring during the interval between annual sessions, the President shall have the power to appoint fellows to fill the vacancies until the next annual session.

**Sec. 2. MEMBERSHIP OF COMMITTEES:** Reference Committees shall be appointed by the President, from among the House of Delegates, but any fellow of the Association shall be eligible to serve on standing or special committees. All members of committees who are not members of the House of Delegates shall have the right to present their reports in person to the House of Delegates and to participate in the debate thereon, but shall not have the right to vote. The House of Delegates may recall the election of any officer or the appointment of any member of a committee or Council at any session by a two-thirds vote of the members of the House of Delegates present and voting, provided that no motion for recall shall be acted on till the day following that on which it is introduced.

**Sec. 3. STANDING COMMITTEES:** Standing committees shall be the following:

- (a) Judicial Council.
- (b) Council on Health and Public Instruction.
- (c) Committee on Transportation and Place of Session.
- (d) Council on Medical Education.
- (e) Committee on Red Cross Medical Work.

**Sec. 4. JUDICIAL COUNCIL:** The Judicial Council shall consist of five fellows, who shall be nominated by the President and elected by the House of Delegates. At the annual session in 1911 one member of the Council shall be elected to serve for five years, one for four years, one for three years, one for two years and one for one year, and thereafter one member of the Council shall be elected each year to serve for five years. It shall select a chairman from its membership. The Secretary of the Association shall be, ex officio, Secretary of the Council. It shall expend money and contract debts only on the authority of the Board of Trustees. It shall keep a permanent record of its action at its office, which shall be at the headquarters of the Association. It shall make an annual report of its decisions and the results of its investigations to the House of Delegates.

The judicial power of the Association shall be vested in the Judicial Council, the decisions of which shall be final, and shall extend, (1) to all cases arising under this constitution and by-laws; (2) to all controversies to which the American Medical Association is a party; (3) to controversies (a) between two or more recognized state or territorial associations, these being constituent associations within the meaning of Article 4 of the Constitution; (b) between a constituent association and members of another association; (c) between members of different constituent associations.

In all cases in which the American Medical Association or one of its constituent associations is a party the Judicial Council shall have original jurisdiction. In all other cases before mentioned the Judicial Council shall have appellate jurisdiction, both as to

law and fact, with such exceptions and under such regulations as it may adopt and publish in The Journal, provided that such regulations must be approved by the next ensuing session of the House of Delegates, and be officially certified to each constituent association.

The Judicial Council may, at its discretion, investigate general professional conditions and all matters pertaining to the relations of physicians to one another and to the public, and shall make such recommendations to the House of Delegates and the constituent associations as it deems necessary.

**Sec. 5. COUNCIL ON HEALTH AND PUBLIC INSTRUCTION:** There shall be a Council on Health and Public Instruction to consist of five fellows, to be elected by the House of Delegates, upon nomination by the President. Those first elected shall serve one for one year, one for two years, one for three years, one for four years and one for five years, and their respective terms of service shall be determined by lot. Thereafter one member of the Council shall be elected annually, on nomination by the President, to serve five years. The Council shall organize and shall elect a chairman from its number. The Board of Trustees shall appoint a secretary on nomination by the Council, and shall fix his salary.

The Council shall adopt such rules and regulations for the government of its actions as it may deem expedient. It shall expend money or contract financial obligations only as shall be authorized in writing by the Board of Trustees. The work of the Council shall embrace the following subjects:

- (a) Legislation.
- (b) Organization.
- (c) Public Instruction.
- (d) Defense of Medical Research.
- (e) Public Health.

It may appoint committees to carry on the respective purposes of the Council. It shall make an annual report of its work to the House of Delegates. The office of the Council shall be at the headquarters of the Association.

**Sec. 6. COMMITTEE ON TRANSPORTATION AND PLACE OF SESSION:** The Committee on Transportation and Place of Session shall consist of five fellows. The chairman shall be elected to serve for three years; the other four members of the committee shall be appointed by the President annually. It shall secure railroad rates for the annual session and shall publish the same in The Journal of the American Medical Association sufficiently early to enable all who desire to attend the annual session to obtain necessary information. It shall recommend to the House of Delegates a place at which to hold the next annual session, after due consideration of the question of availability, means of transportation and railroad rates.

**Sec. 7. COUNCIL ON MEDICAL EDUCATION:** The Council on Medical Education shall consist of five fellows. One member of the Council shall be elected to serve one year, one for two years, one for three years, one for four years, and one for five years. Thereafter one shall be elected each year to serve five years. The Council shall organize, shall elect a chairman and secretary, and shall adopt such regulations for the government of its actions as it deems expedient. It shall expend money or contract financial obligations only as shall be authorized in writing by the Board of Trustees.

The functions of the Council on Medical Education shall be:

1. To make an annual report to the House of Delegates on the existing conditions of medical education in the United States.
2. To make suggestions as to the means and methods by which the American Medical Association may best influence favorably medical education.
3. To act as the agent of the American Medical Association under instructions of the House of Delegates in its efforts to elevate the standard of medical education.

**Sec. 8. COMMITTEE ON RED CROSS MEDICAL WORK:** The Committee on Red

Cross Medical Work shall consist of three fellows, one of whom shall be appointed by the President upon the nomination of the Surgeon-General of the Army, one upon the nomination of the Surgeon-General of the Navy, and the third member of the Committee, who shall be its chairman, shall be appointed by the President and nominated to the Red Cross as the representative of this Association on its Relief Board. This Committee is authorized to cooperate with the National Red Cross and shall have advisory supervision over state and county committees having charge of the same subject and shall be empowered to act for the Association in matters involving medical personnel in times of disaster, provided that it shall expend money or contract financial obligations only as shall be authorized in writing by the Board of Trustees.

**Sec. 9. REPORTS OF STANDING COMMITTEES:** Reports of standing committees, so far as possible, shall be transmitted thirty days before the annual session to the Secretary, who shall have them printed for distribution to the members of the House of Delegates.

**Sec. 10. SPECIAL COMMITTEES:** Special committees may be created by the House of Delegates to perform the special functions for which they are created. They shall be appointed by the officer presiding over the meeting at which the committee is authorized.

**Sec. 11. REFERENCE COMMITTEE:** (a) Immediately after the organization of the House of Delegates at each annual session the President shall appoint from among the members of the House such committees as may be deemed expedient by the House of Delegates. Each committee shall consist of five members, unless otherwise provided, the chairman to be specified by the President. These committees shall serve during the session at which they are appointed.

(b) To the appropriate committee shall be referred resolutions, measures and propositions presented to the House of Delegates before final action shall be taken, unless otherwise unanimously ordered by the House of Delegates.

(c) Each Reference Committee shall, as soon as possible after the adjournment of each meeting, or during the meeting, if necessary, take up and consider such business as may have been referred to it, and shall report on the same at the next meeting, or when called on to do so. Three members shall constitute a quorum.

(d) The following committees are hereby provided:

(1) A Committee on Sections and Section Work, to which shall be referred all business relating to the sections.

(2) A Committee on Rules and Order of Business, to which shall be referred all matters regarding rules governing the action, methods of procedure and order of business of the House of Delegates.

(3) A Committee on Medical Education, to which shall be referred all matters relating to medical colleges and medical education. (The members of the Council on Medical Education shall be members, ex-officio, of this committee.)

(4) A Committee on Legislation and Political Action, to which shall be referred all matters relating to state and national legislation, memorials to Legislatures, to the United States Congress, or to the President of the United States. (The members of the Council on Health and Public Instruction shall be members, ex-officio, of this committee.)

(5) A Committee on Hygiene and Public Health, to which shall be referred all matters relating to hygiene and public health.

(6) A Committee on Amendments to the Constitution and By-Laws, to which shall be referred all proposed amendments to the Constitution and By-Laws.

(7) A Committee on Reports of Officers, to which shall be referred the President's address and the Secretary's and the Trustees' reports.

(8) A Committee on Credentials, to which shall be referred all questions regarding the registration and the credentials of delegates.

(9) A Committee on Miscellaneous Business, to which shall be referred all business not otherwise disposed of.

## SCIENTIFIC ASSEMBLY

### Membership and Fellowship

#### Chapter VIII.—Membership and Fellowship

**Section 1. MEMBERS:** The members in good standing of the constituent state and territorial medical associations of the American Medical Association shall be members.

**Sec. 2. TENURE OF MEMBERSHIP:** Membership in this Association shall continue only so long as the individual is a member in good standing of a constituent association. When the Secretary shall be officially informed by the Secretary of the constituent association through which a member holds membership in this Association that the member is not in good standing, the Secretary shall remove the name of said member from the membership roll of the American Medical Association.

**Sec. 3. EFFECT ON MEMBERSHIP OF REMOVAL TO ANOTHER STATE:** A member who changes the location at which he practices medicine from the state through whose constituent association he holds membership in the American Medical Association to another state in which there is a constituent association is eligible to membership in the component society of his new location upon the presentation of a transfer card and an official statement that his dues have been paid in full in the society in which he holds membership. He shall forfeit his membership in the American Medical Association one year after such change of location, unless he becomes a member of the constituent association of the state to which he has moved. Provided, however, that if the component society into whose territory such member has moved shall refuse him membership, the member shall be privileged to appeal to the Judicial Council of this Association to determine whether or not he is guilty of any act that warrants the enforcement of the provisions of this section. Pending the decision of such appeal he shall retain his membership in the American Medical Association through his original state association. And provided further, that the term "the practice of medicine" throughout these by-laws shall be held to mean the offering of service or counsel for the relief of those suffering from abnormal physical or mental conditions.

**Sec. 4. FELLOWS, ASSOCIATE FELLOWS, HONORARY FELLOWS:** Any member of this Association, who on the prescribed form shall apply for fellowship and subscribe for The Journal, paying the annual dues for the current year, shall be a fellow.

Commissioned medical officers of the United States Army, United States Navy and the United States Public Health Service shall be fellows of this Association so long as they are engaged actively in their respective service and thereafter if they have been retired on account of age or physical disability. These fellows shall not be required to pay dues and shall not receive The Journal of the American Medical Association except by personal subscription.

There shall be associate and honorary fellows who shall be elected and shall qualify in accordance with the provisions set forth in these By-Laws.

Members, associate members and honorary members of this Association at the time of the adoption of this By-Law, shall be respectively fellows, associate fellows and honorary fellows; and in interpreting these By-Laws, "membership" in the Association at the time of the adoption of this By-Law shall be construed as fellowship.

**Sec. 5. TENURE OF FELLOWSHIP:** Fellowship in this Association shall continue only so long as the individual is a member. When the Secretary shall be officially informed that the fellow is not a member, the Secretary shall remove the name of such fellow from the fellowship

roll of the American Medical Association and shall notify the fellow of the action taken, together with the reason therefor.

**Sec. 6. DELINQUENCY:** Any fellow who, for one year, has failed to pay his annual dues, shall forfeit his fellowship thirty days after notice from the Secretary has been mailed to his last known address.

**Sec. 7. FELLOWSHIP RESTORED:** Any former fellow who complies with Section 4, Chapter VII, shall be reinstated upon payment of his indebtedness, including his subscription for the current calendar year.

**Sec. 8. ASSOCIATE FELLOWS:** The following may be elected in accordance with Section 4, Chapter IV, to associate fellowship: Physicians who are members of the chartered national medical societies of foreign countries adjacent to the United States; dentists holding the degree of D.D.S. who are members of state or local dental societies, and pharmacists who are active members of the American Pharmaceutical Association; and representative teachers, students of science allied to medicine, resident in the United States, and not eligible to regular membership. Associate fellows shall enjoy the same privileges as regular fellows, and shall be subject to the same conditions.

**Sec. 9. HONORARY FELLOWS:** Physicians of foreign countries may be elected honorary fellows by the House of Delegates in accordance with Section 4, Chapter IV.

**Sec. 10. INVITED GUESTS:** Scientists, who are not engaged in the practice of medicine, may be invited, with the consent of the secretary of the component county society of the locality in which they reside, by the general officers or by the officers of a section, to attend any annual session and to take part in the scientific work. They shall be designated as invited guests and be entitled to participate in the scientific and social functions.

#### Chapter IX.—Registration

None but fellows, associate fellows, honorary fellows and invited guests shall be allowed to register or take part at the scientific meetings of the Association.

No fellow shall be eligible to register at an annual session until he has paid all of his current indebtedness.

No fellow shall take part in the proceedings of the Association or of any of the sections until he has registered his name and address in the registration office.

A fellow on registering shall designate the section in which he wishes to be enrolled, but no fellow shall register in more than one section at any annual session.

#### Chapter X.—General Meeting

**Section 1. TIME OF GENERAL MEETING:** The general meeting shall be held at 10:30 a. m. on the first day of the annual session, and shall be presided over by the President, or in his absence, or at his request, by one of the Vice-Presidents.

**Sec. 2. ADDRESS AT GENERAL MEETING:** Before the general meeting shall be delivered the address by the President, whose recommendations shall thereupon go to the House of Delegates for action.

**Sec. 3. ORDER OF BUSINESS:** The order of business of the general meeting shall be as follows:

1. The calling of the meeting to order by the President, or, in his absence, by one of the Vice-Presidents.
2. Prayer.
3. Address of welcome and response.
4. The report of the Committee of Arrangements.
5. Introduction and installation of the President-elect.
6. The annual address of the President.
7. Adjournment.

#### Chapter XI.—Sections

**Section 1. TITLES OF SECTIONS FOR SCIENTIFIC WORK:** The American Medical Association shall be divided into the following sections:

1. Practice of Medicine.
2. Surgery.

3. Obstetrics, Gynecology and Abdominal Surgery.
4. Ophthalmology.
5. Laryngology, Otology and Rhinology.
6. Diseases of Children.
7. Pharmacology and Therapeutics.
8. Pathology and Physiology.
9. Stomatology.
10. Nervous and Mental Diseases.
11. Dermatology.
12. Preventive Medicine and Public Health.
13. Genito-Urinary Diseases.
14. Hospitals.
15. Orthopedic Surgery.

Sec. 2. **OFFICERS OF SECTIONS:** The officers of each section shall consist of a chairman, a vice-chairman and a secretary and such other officers as the section shall deem advisable. These shall serve for one year, or until their successors are elected and qualified; provided, that each section may elect its secretary to serve a longer time at its discretion. Each section shall also elect annually one delegate and one alternate to the House of Delegates of the American Medical Association to serve one year.

Sec. 3. **ELECTION OF OFFICERS:** The election of officers shall be the first order of business of the morning meeting of the section on the third day of each annual session. To participate in the election of any section a fellow must have indicated on registering that he desires to affiliate with such section, and must have recorded his name and address on the section register book. The Sections on Practice of Medicine, on Surgery and on Preventive Medicine and Public Health may each elect a fellow to deliver at the ensuing annual session the oration on practice of medicine, the oration on surgery and the oration on state medicine before their respective sections.

Sec. 4. **DUTIES OF SECTION OFFICERS:** (a) Chairman.—The chairman shall preside at the meetings of the section and shall perform such duties as usually belong to such an office, or as may be provided by the by-laws of the section. He shall cooperate with the secretary in arranging the program, and shall see that proper arrangements are made for his section at the annual session.

(b) Vice-Chairman.—The vice-chairman shall assist the chairman in the performance of his duties and shall preside in his absence, or at his request.

(c) Secretary.—The secretary shall keep a record of the proceedings of the section in a book provided for such purpose; shall with the cooperation of the chairman, arrange the program; and shall, at least thirty days before the annual session, forward it to the Secretary of the Association for insertion in the official program; and shall perform such other duties pertaining to his office as may be provided by the by-laws of the Association or of the section.

Sec. 5. **EXECUTIVE COMMITTEE:** Each section shall have an executive committee, which shall consist of the last three retiring chairmen. In case of absence of a member of the executive committee from an annual session, the vacancy shall be filled by the chairman. This committee (as constituted at the close of the annual session) shall examine and pass on all papers read before the section, and shall endorse for publication only those that are of scientific or of practical value, and which will reflect credit on the section before which they were read.

Sec. 6. **MEETINGS:** Each section shall hold its first meeting at 2 p. m. of the first day of the annual session, and each subsequent day at 9 a. m. and at 2 p. m. until the program is completed, or as the section may decide.

Sec. 7. **WHO MAY TAKE PART IN SECTION WORK:** Fellows and associate fellows only shall have the right to participate in the business deliberations of a section. Fellows and associate and honorary fellows and invited guests may present papers and take part in the scientific discussions.

Sec. 8. **HONORARY FELLOWS:** Each section at each annual session may at the time of the election of its officers nominate for honorary fellowship in the American Medical Association a physician of a foreign country who has risen to pre-eminence in the profession of medicine. The secretary shall immediately notify the Secretary of the Association of such nomination.

Sec. 9. **ASSOCIATE FELLOWS:** The officers of a section may nominate for associate fellowship representative teachers and students of sciences allied to medicine, resident in the United States, not eligible to regular membership. The secretary shall immediately notify the Secretary of the Association of such nominations.

Sec. 10. **TIME AT WHICH TITLES MUST BE IN:** Titles of papers to be presented to the section must be in the hands of the secretary of the section at least thirty-five days before the first day of the annual session. With the title, the writer shall submit an abstract of the paper not less than thirty or more than one hundred and fifty words in length and an estimate of the time required to read his paper.

Sec. 11. **LENGTH OF PAPERS AND DISCUSSIONS:** The time allowed for the presentation of a paper before a section shall be limited to fifteen minutes. No one shall address a section more than once on the same subject, nor for longer than five minutes, except with the unanimous consent of those present.

Sec. 12. **NUMBER OF PAPERS ON PROGRAM:** The number of papers, including addresses, on the program of any section shall not exceed thirty.

Sec. 13. **CAN PRESENT ONLY ONE PAPER AT AN ANNUAL SESSION:** No fellow shall present more than one paper at any annual session. The title and abstract of the paper must be submitted to the secretary of the section before which the paper is to be read.

Sec. 14. **SECTION TO PROVIDE BY-LAWS:** Each section may make by-laws for its own government, provided that they shall in no way conflict with the Constitution and By-Laws of the American Medical Association.

## Chapter XII.—Publication

Section 1. **PAPERS APPROVED FOR PUBLICATION:** No paper shall be published as having been read before a section unless it has received the approval and the endorsement of each member of the executive committee of the section before which it was read.

Sec. 2. **PAPERS MUST BE READY FOR PUBLICATION:** Each author shall hand his paper to the secretary of the section immediately after it is read. The secretary shall endorse thereon that it has been read and shall hand it to the chairman of the executive committee. All papers approved by the executive committee shall be returned to the secretary of the section, who shall at once forward them to the editor of The Journal.

Sec. 3. **PAPERS "READ BY TITLE":** No paper shall be published as having been read before a section unless it has actually been read, or unless, for special reasons, when the author has been present and prepared to read the paper, the section shall unanimously vote to have it read by title.

Sec. 4. **PAPERS THE PROPERTY OF THE ASSOCIATION:** All papers and reports presented to a section and approved by the executive committee shall become the exclusive property of the Association, provided that the Board of Trustees may permit an author to publish his paper elsewhere than in The Journal of the American Medical Association.

## MISCELLANEOUS

### Chapter XIII.—Official Resolutions Approved by the House of Delegates

No memorial, resolution or opinion of any character whatever shall be issued in the

name of the American Medical Association unless it has been approved by the House of Delegates.

### Chapter XIV.—Annual Dues

The annual dues shall be five dollars, payable in advance on the first day of January of each year, of which not less than four dollars shall be credited to the subscription for one year to The Journal.

### Chapter XV.—Articles of Incorporation

The House of Delegates, at any annual session, wherever the same may be held, may instruct the Board of Trustees to make any changes in the articles of incorporation in accordance with the law which may appear desirable, or which may be made necessary by any change or amendment to the Constitution and By-Laws of this Association.

### Chapter XVI.—Amendment to These By-Laws

These By-Laws may be amended on a three-fourths vote of the House of Delegates, provided that no amendment shall be acted on till the day following that on which it is introduced; except that the Board of Trustees may, by unanimous vote, make such changes, and such changes only, as may be required to adapt them to the rules and regulations of the United States postal authorities.

## PRINCIPLES OF MEDICAL ETHICS

### CHAPTER I.—THE DUTIES OF PHYSICIANS TO THEIR PATIENTS

#### The Physician's Responsibility

Section 1. A profession has for its prime object the service it can render to humanity; reward or financial gain should be a subordinate consideration. The practice of medicine is a profession. In choosing this profession an individual assumes an obligation to conduct himself in accord with its ideals.

#### Patience, Delicacy and Secrecy

Sec. 2. Patience and delicacy should characterize all the acts of a physician. The confidences concerning individual or domestic life entrusted by a patient to a physician, and the defects of disposition or flaws of character observed in patients during medical attendance, should be held as a trust and should never be revealed except when imperatively required by the laws of the state. There are occasions, however, when a physician must determine whether or not his duty to society requires him to take definite action to protect a healthy individual from becoming infected, because the physician has knowledge, obtained through the confidences entrusted to him as a physician, of a communicable disease to which the healthy individual is about to be exposed. In such a case, the physician should act as he would desire another to act toward one of his own family under like circumstances. Before he determines his course, the physician should know the civil law of his commonwealth concerning privileged communications.

#### Prognosis

Sec. 3. A physician should give timely notice of dangerous manifestations of the disease to the friends of the patient. He should neither exaggerate nor minimize the gravity of the patient's condition. He should assure himself that the patient or his friends have such knowledge of the patient's condition as will serve the best interests of the patient and the family.

#### Patients Must Not be Neglected

Sec. 4. A physician is free to choose whom he will serve. He should, however, always respond to any request for his assistance in an emergency or whenever temperate public opinion expects the service. Once having undertaken a case, a physician should not abandon or neglect the patient because the disease is deemed incurable; nor should he withdraw from the

case for any reason until a sufficient notice of a desire to be released has been given the patient or his friends to make it possible for them to secure another medical attendant.

## CHAPTER II.—THE DUTIES OF PHYSICIANS TO EACH OTHER AND TO THE PROFESSION AT LARGE

### Article I.—Duties to the Profession Uphold Honor of Profession

Section 1. The obligation assumed on entering the profession requires the physician to comport himself as a gentleman and demands that he use every honorable means to uphold the dignity and honor of his vocation, to exalt its standards and to extend its sphere of usefulness. A physician should not base his practice on an exclusive dogma or sectarian system, for "sects are implacable despots; to accept their thralldom is to take away all liberty from one's actions and thought." (Nicon, father of Galen.)

#### Duty to Medical Societies

Sec. 2. In order that the dignity and honor of the medical profession may be upheld, its standards exalted, its sphere of usefulness extended, and the advancement of medical science promoted, a physician should associate himself with medical societies and contribute his time, energy and means in order that these societies may represent the ideals of the profession.

#### Deportment

Sec. 3. A physician should be "an upright man, instructed in the art of healing." Consequently, he must keep himself pure in character and conform to a high standard of morals, and must be diligent and conscientious in his studies. "He should also be modest, sober, patient, prompt to do his whole duty without anxiety; pious without going so far as superstition, conducting himself with propriety in his profession and in all the actions of his life." (Hippocrates.)

#### Advertising

Sec. 4. Solicitation of patients by circulars or advertisements, or by personal communications or interviews, not warranted by personal relations, is unprofessional. It is equally unprofessional to procure patients by indirection through solicitors or agents of any kind, or by indirect advertisement, or by furnishing or inspiring newspapers or magazine comments concerning cases in which the physician has been or is concerned. All other like self-laudations defy the traditions and lower the tone of any profession and so are intolerable. The most worthy and effective advertisement possible, even for a young physician, and especially with his brother physicians, is the establishment of a well-merited reputation for professional ability and fidelity. This cannot be forced, but must be the outcome of character and conduct. The publication or circulation of ordinary simple business cards, being a matter of personal taste or local custom, and sometimes of convenience, is not, per se, improper. As implied, it is unprofessional to disregard local customs or offend recognized ideals in publishing or circulating such cards.

It is unprofessional to promise radical cures; to boast of cures and secret methods of treatment or remedies; to exhibit certificates of skill or of success in the treatment of diseases; or to employ any methods to gain the attention of the public for the purpose of obtaining patients.

#### Patents and Perquisites

Sec. 5. It is unprofessional to receive remuneration from patents for surgical instruments or medicines; to accept rebates on prescriptions or surgical appliances, or perquisites from attendants who aid in the care of patients.

#### Medical Laws—Secret Remedies

Sec. 6. It is unprofessional for a physician to assist unqualified persons to evade legal restrictions governing the practice of medicine; it is equally unethical to prescribe or dispense secret medicines or other

secret remedial agents, or manufacture or promote their use in any way.

### Safeguarding the Profession

Sec. 7. Physicians should expose without fear or favor, before the proper medical or legal tribunals, corrupt or dishonest conduct of members of the profession. Every physician should aid in safeguarding the profession against the admission to its ranks of those who are unfit or unqualified because deficient either in moral character or education.

### Article II.—Professional Services of Physicians to Each Other

#### Physicians Dependent on Each Other

Section 1. Experience teaches that it is unwise for a physician to treat members of his own family or himself. Consequently, a physician should always cheerfully and gratuitously respond with his professional services to the call of any physician practicing in his vicinity, or of the immediate family dependents of physicians.

#### Compensation for Expenses

Sec. 2. When a physician from a distance is called on to advise another physician or one of his family dependents, and the physician to whom the services is rendered is in easy financial circumstances, a compensation that will at least meet the traveling expenses of the visiting physician should be proffered. When such a service requires an absence from the accustomed field of professional work of the visitor that might reasonably be expected to entail a pecuniary loss, such loss should, in part at least, be provided for in the compensation offered.

#### One Physician to Take Charge

Sec. 3. When a physician or a member of his dependent family is seriously ill, he or his family should select a physician from among his neighboring colleagues to take charge of the case. Other physicians may be associated in the care of the patient as consultants.

### Article III.—Duties of Physicians in Consultations

#### Consultations Should be Requested

Section 1. In serious illness, especially in doubtful or difficult conditions, the physician should request consultation.

#### Consultation for Patient's Benefit

Sec. 2. In every consultation, the benefit to be derived by the patient is of first importance. All the physicians interested in the case should be frank and candid with the patient and his family. There never is occasion for insincerity, rivalry or envy and these should never be permitted between consultants.

#### Punctuality

Sec. 3. It is the duty of a physician, particularly in the instance of a consultation, to be punctual in attendance. When, however, the consultant or the physician in charge is unavoidably delayed, the one who first arrives should wait for the other for a reasonable time, after which the consultation should be considered postponed. When the consultant has come from a distance, or when for any reason it will be difficult to meet the physician in charge at another time, or if the case is urgent, or if it be the desire of the patient, he may examine the patient and mail his written opinion, or see that it is delivered under seal, to the physician in charge. Under these conditions, the consultant's conduct must be especially tactful; he must remember that he is framing an opinion without the aid of the physician who has observed the course of the disease.

#### Patient Referred to Specialist

Sec. 4. When a patient is sent to one specially skilled in the care of the condition from which he is thought to be suffering, and for any reason it is impractical for the physician in charge of the case to accompany the patient, the physician in charge should send to the consultant by mail, or in care of the patient under seal, a history of the case, together with the physician's opinion and an outline of the treat-

ment, or so much of this as may possibly be of service to the consultant; and as soon as possible after the case has been seen and studied, the consultant should address the physician in charge and advise him of the results of the consultant's investigation of the case. Both these opinions are confidential and must be so regarded by the consultant and by the physician in charge.

### Discussions in Consultation

Sec. 5. After the physicians called in consultation have completed their investigations of the case, they may meet by themselves to discuss conditions and determine the course to be followed in the treatment of the patient. No statement or discussion of the case should take place before the patient or friends, except in the presence of all the physicians attending, or by their common consent; and no opinions or prognostications should be delivered as a result of the deliberations of the consultants, which have not been concurred in by the consultants at their conference.

### Attending Physician Responsible

Sec. 6. The physician in attendance is in charge of the case and is responsible for the treatment of the patient. Consequently, he may prescribe for the patient at any time and is privileged to vary the mode of treatment outlined and agreed on at a consultation whenever, in his opinion, such a change is warranted. However, at the next consultation, he should state his reasons for departing from the course decided on at the previous conference. When an emergency occurs during the absence of the attending physician, a consultant may provide for the emergency and the subsequent care of the patient until the arrival of the physician in charge, but should do no more than this without the consent of the physician in charge.

### Conflict of Opinion

Sec. 7. Should the attending physician and the consultant find it impossible to agree in their views of a case another consultant should be called to the conference or the first consultant should withdraw. However, since the consultant was employed by the patient in order that his opinion might be obtained, he should be permitted to state the result of his study of the case to the patient, or his next friend, in the presence of the physician in charge.

### Consultant and Attendant

Sec. 8. When a physician has attended a case as a consultant, he should not become the attendant of the patient during that illness except with the consent of the physician who was in charge at the time of the consultation.

### Article IV.—Duties of Physicians in Cases of Interference

#### Criticism to be Avoided

Section 1. The physician, in his intercourse with a patient under the care of another physician, should observe the strictest caution and reserve; should give no disingenuous hints relative to the nature and treatment of the patient's disorder; nor should the course of conduct of the physician, directly or indirectly, tend to diminish the trust reposed in the attending physician.

#### Social Calls on Patient of Another Physician

Sec. 2. A physician should avoid making social calls on those who are under the professional care of other physicians without the knowledge and consent of the attendant. Should such a friendly visit be made there should be no inquiry relative to the nature of the disease or comment upon the treatment of the case, but the conversation should be on subjects other than the physical condition of the patient.

#### Services to Patient of Another Physician

Sec. 3. A physician should never take charge of or prescribe for a patient who is under the care of another physician, except in an emergency, until after the other physician has relinquished the case or has been properly dismissed.

### Criticism to be Avoided

Sec. 4. When a physician does succeed another physician in the charge of the case, he should not make comments on or insinuations regarding the practice of the one who preceded him. Such comments or insinuations tend to lower the esteem of the patient for the medical profession and so react against the critic.

### Emergency Cases

Sec. 5. When a physician is called in an emergency and finds that he has been sent for because the family attendant is not at hand, or when a physician is asked to see another physician's patient because of an aggravation of the disease, he should provide only for the patient's immediate need and should withdraw from the case on the arrival of the family physician after he has reported the condition found and the treatment administered.

### When Several Physicians are Summoned

Sec. 6. When several physicians have been summoned in a case of sudden illness or of accident, the first to arrive should be considered the physician in charge. However, as soon as the exigencies of the case permit, or on the arrival of the acknowledged family attendant or the physician the patient desires to serve him, the first physician should withdraw in favor of the chosen attendant; should the patient or his family wish someone other than the physician known to be the family physician to take charge of the case the patient should advise the family physician of his desire. When, because of sudden illness or accident, a patient is taken to a hospital, the patient should be returned to the care of his known family physician as soon as the condition of the patient and the circumstances of the case warrant this transfer.

### A Colleague's Patient

Sec. 7. When a physician is requested by a colleague to care for a patient during his temporary absence, or when, because of an emergency, he is asked to see a patient of a colleague, the physician should treat the patient in the same manner and with the same delicacy as he would have one of his own patients cared for under similar circumstances. The patient should be returned to the care of the attending physician as soon as possible.

### Relinquish Patient to Regular Attendant

Sec. 8. When a physician is called to the patient of another physician during the enforced absence of that physician, the patient should be relinquished on the return of the latter.

### Substituting in Obstetric Work

Sec. 9. When a physician attends a woman in labor in the absence of another who has been engaged to attend, such physician should resign the patient to the one first engaged, upon his arrival; the physician is entitled to compensation for the professional services he may have rendered.

### Article V.—Differences Between Physicians

#### Arbitration

Section 1. Whenever there arises between physicians a grave difference of opinion which cannot be promptly adjusted, the dispute should be referred for arbitration to a committee of impartial physicians, preferably the Board of Censors of a component county society of the American Medical Association.

### Article VI.—Compensation

#### Limits of Gratuitous Service

Section 1. The poverty of a patient and the mutual professional obligation of physicians should command the gratuitous services of a physician. But institutions endowed by societies, and organizations for mutual benefit, or for accident, sickness and life insurance, or for analogous purposes, should be accorded no such privilege.

#### Contract Practice

Sec. 2. It is unprofessional for a physician to dispose of his services under con-

ditions that make it impossible to render adequate service to his patient or which interfere with reasonable competition among the physicians of a community. To do this is detrimental to the public and to the individual physician, and lowers the dignity of the profession.

### Secret Division of Fees Condemned

Sec. 3. It is detrimental to the public good and degrading to the profession, and therefore unprofessional, to give or to receive a commission. It is also unprofessional to divide a fee for medical advice or surgical treatment, unless the patient or his next friend is fully informed as to the terms of the transaction. The patient should be made to realize that a proper fee should be paid the family physician for the service he renders in determining the surgical or medical treatment suited to the condition, and in advising concerning those best qualified to render any special service that may be required by the patient.

## CHAPTER III.—THE DUTIES OF THE PROFESSION TO THE PUBLIC

### Physicians as Citizens

Section 1. Physicians, as good citizens and because their professional training specially qualifies them to render this service, should give advice concerning the public health of the community. They should bear their full part in enforcing its laws and sustaining the institutions that advance the interests of humanity. They should cooperate especially with the proper authorities in the administration of sanitary laws and regulations. They should be ready to counsel the public on subjects relating to sanitary police, public hygiene and legal medicine.

### Physicians Should Enlighten Public—Duties in Epidemics

Sec. 2. Physicians, especially those engaged in public health work, should enlighten the public regarding quarantine regulations; on the location, arrangement and dietaries of hospitals, asylums, schools, prisons and similar institutions; and concerning measures for the prevention of epidemic and contagious diseases. When an epidemic prevails, a physician must continue his labors for the alleviation of suffering people, without regard to the risk to his own health or life or to financial return. At all times, it is the duty of the physician to notify the properly constituted public health authorities of every case of communicable disease under his care. In accordance with the laws, rules and regulations of the health authorities of the locality in which the patient is.

### Public Warned

Sec. 3. Physicians should warn the public against the devices practiced and the false pretensions made by charlatans which may cause injury to health and loss of life.

### Pharmacists

Sec. 4. By legitimate patronage, physicians should recognize and promote the profession of pharmacy; but any pharmacist, unless he be qualified as a physician, who assumes to prescribe for the sick, should be denied such countenance and support. Moreover, whenever a druggist or pharmacist dispenses deteriorated or adulterated drugs, or substitutes one remedy for another designated in a prescription, he thereby forfeits all claims to the favorable consideration of the public and physicians.

### Conclusion

While the foregoing statements express in a general way the duty of the physician to his patients, to other members of the profession and to the profession at large, as well as of the profession to the public, it is not to be supposed that they cover the whole field of medical ethics, or that the physician is not under many duties and obligations besides those herein set forth. In a word, it is incumbent on the physician that under

all conditions, his bearing toward patients, the public, and fellow practitioner should be characterized by a gentlemanly deportment and that he constantly should behave toward others as he desires them to deal with him. Finally, these principles are primarily for the good of the public, and their enforcement should be conducted in such a manner as shall deserve and receive the endorsement of the community.

## MEDICAL PRACTICE LAW OF ALABAMA

### An Act

To Regulate the Practice of Medicine in the State of Alabama.

Section 1. **BOARD OF EXAMINERS:** The Board of Censors of the Medical Association of the State of Alabama, as constituted under the laws now in force, or which may hereafter be in force, is hereby constituted a State Board of Medical Examiners, and is hereby charged with the duties and clothed with the powers hereinafter prescribed.

Sec. 2. **EXAMINATIONS:** That an applicant for a certificate of qualification to treat diseases of human beings by any system of treatment whatsoever shall, according to rules prescribed and standards established by the Medical Association of the State of Alabama, be examined, in writing, by the State Board of Medical Examiners in the following named branches of medical learning, to-wit: Chemistry, anatomy, physiology, the etiology, pathology, symptomatology, and diagnosis of diseases; obstetrics and obstetrical operations; gynecology; major and minor surgery; physical diagnosis; diseases of the eye, ear, nose and throat; and hygiene and medical jurisprudence.

Sec. 3. **APPLICATIONS:** That an applicant shall, before being permitted to enter upon an examination, fill out an application blank, giving his name, age, residence, college and date of graduation (if a graduate), references and such other data as the State Board of Medical Examiners may require. The applicant shall make affidavit that he is the person he represents himself to be and that he will faithfully observe all rules governing the examination. Any member of the State Board of Medical Examiners, or the supervisor of examinations appointed by said board, is hereby authorized to administer the oath prescribed. The board shall have the right to refuse to examine a person whose reputation is such as to render him unworthy of membership in the medical profession.

Sec. 4. **CERTIFICATE:** That when an applicant who had undergone examination shows such a standard of proficiency in the branches of medical learning enumerated in Section 2 of this Act as has been, or may be, fixed by the Medical Association of the State of Alabama, a certificate of qualification, in form to be prescribed by the said association, shall be issued to the applicant, which certificate shall entitle the holder thereof to treat any diseases of human beings he may be called upon to treat in accordance with the teachings of the school or sect of medicine to which he belongs.

Sec. 5. **SUBJECTS EXEMPTED:** That when an applicant states in writing that he does not propose to practice major surgery, said applicant shall be exempt from examination in said branch of major surgery, and should his proficiency in the other branches of medical learning named in Section 2 of this Act reach the standard established by the Medical Association of the State of Alabama, a certificate of qualification, in

form to be prescribed by said association, shall be issued to him, which certificate shall entitle him to treat any diseases of human beings he may be called upon to treat in accordance with the teachings of the school or sect of medicine to which he belongs; provided, that the holder shall not be entitled to perform the operations of major surgery, and that this restriction shall appear on the face of the certificate.

Sec. 6. **RE-EXAMINATIONS:** That when an applicant fails to attain the standard of proficiency prescribed by the State Medical Association his examination shall be deemed unsuccessful. Such applicant shall, however, be entitled to another examination at any time after the expiration of six months from the date of the preceding examination.

Sec. 7. **MUST FILE CERTIFICATE:** That a physician who receives a certificate of qualification shall, within ten days after locating in a county, file such certificate in the office of the judge of probate of such county for record, and should said physician remove his residence to another county he shall within said time have his certificate re-recorded. Any failure on the part of the holder of a certificate of qualification to comply with the provisions of this section shall render such certificate null and void.

Sec. 8. **REGISTER OF PHYSICIANS:** That the judge of probate of a county shall provide a blank book, of suitable size, to be called the "Register of Physicians," in which book shall be recorded all certificates of qualification filed by physicians of the county. The fee for recording each certificate shall be fifty cents. At some time between the 1st and 10th of January of each year the said judge of probate shall forward to the State Board of Medical Examiners a full report of the names of all physicians, together with their postoffices, whose certificates have been recorded in his office for the preceding year; and if any physician whose certificate was so reported shall have moved from the county or shall have died, the place to which such physician has removed, if known, or the date of the death, as the case may be, shall be reported.

Sec. 9. **RECIPROCITY:** That the State Board of Medical Examiners may establish reciprocal relations with similar boards of other states in reference to the issuance of certificates of qualification, provided that such reciprocal relations shall not be established with the State Board of Examiners of any state that does not require examination upon subjects substantially the same enumerated in Section 2 of this Act, and does not maintain a standard of proficiency at least equal to that maintained by the State Board of Medical Examiners of this state. When such reciprocal relations have been established a certificate of qualification may be issued without examination to a person who presents evidence that he has complied with the requirements of a reciprocating State Board of Medical Examiners, provided that on the face of a certificate issued in accordance with this section it shall appear that such certificate was issued pro forma and without examination.

Sec. 10. **PRACTICE IN NEIGHBORING COUNTIES:** That a physician who resides in an adjoining state, near the border of this state, shall be allowed the privilege of practicing in any county in this state into which his practice may extend without examination, provided that he holds a certificate of qualification from his own State Board of Medical Examiners and causes said certificate to be placed on record in

the office of the judge of probate of the county or counties in this state into which his practice extends, and provided, further, that he shall not open an office, or establish a place, in this state at which calls may be left for him. A similar privilege shall be accorded a licensed physician of any state who may be called into this state in consultation with a physician, except that such consulting physician shall not be required to place his certificate of qualification on record.

Sec. 11. **EXEMPTIONS FROM EXAMINATION:** That the State Board of Medical Examiners may issue to a surgeon, or assistant surgeon of the United States Army or Navy, or of the United States Public Health Service, a certificate of qualification without examination, provided that such surgeon or assistant surgeon presents to the State Board of Medical Examiners a commission, or other satisfactory evidence, showing that he is a medical officer of the United States Army, Navy, or Public Health Service, as the case may be, and provided, further, that upon the face of the certificate of qualification so issued, it shall appear that the certificate was issued pro forma, and without examination.

Sec. 12. **REVOKING CERTIFICATE OF QUALIFICATION TO PRACTICE MEDICINE:** The State Board of Medical Examiners may revoke a physician's certificate of qualification to practice medicine for any of the following:

1. Using spirituous, vinous or malt liquors or morphin, opium, cocaine or other stimulants or narcotics to such an extent as to render him unsafe or unreliable as a practitioner.
2. Being guilty of gross immorality that would tend to bring reproach upon the medical profession of the state.
3. Being guilty of unprofessional conduct of a character likely to deceive, defraud or injure the public in matters pertaining to health.
4. Advertising himself or his practice, whether through newspapers or other periodicals, or by circulars or otherwise, in such manner as tends to mislead or deceive the public in matters pertaining to health.
5. Inducing or aiding in inducing, or attempting, or aiding in an attempt to induce a criminal abortion, or a criminal miscarriage, or a criminal premature delivery of a woman.
6. Inducing or aiding in inducing, or attempting or aiding in an attempt to induce, when the same is necessary to preserve her life and is done for that purpose, an abortion or a miscarriage or a premature delivery of a woman, in the absence of a consulting physician, without using a high degree of diligence to have a consulting physician present.
7. Performing an operation of major surgery when his certificate does not entitle him to do so.
8. Being convicted in any court anywhere, while holding a certificate of qualification, of any offense involving moral turpitude, whether committed under color of his professional duties or connected therewith or not.

Sec. 13. **INVESTIGATION AS TO REVOCATION OF CERTIFICATE OF QUALIFICATION:** Whenever written complaint is made to the State Board of Medical Examiners that a physician has committed any of the acts, or come within any of the disabilities, enumerated in the preceding section, it shall be the duty of said board to bear and determine said complaint, the hearing to be held at such place or places in the State of Alabama and at such time or times

as the board may decide upon from time to time; and the board may adjourn such hearing from place to place and from time to time. The person whose qualification is under consideration shall have not less than twenty days' written notice of the time and place of the initial hearing, which notice shall be accompanied by a copy of the complaint.

Such notice may be served by any sheriff of the State of Alabama, or by any member of the Medical Association of the State of Alabama, and if served by a member of said association, the return of service shall be sworn to by said member before some officer authorized to administer affidavits. But if said person is out of the state, or evades service, or cannot be served in person, then the service may be made by mailing a copy of the complaint and of the notice of said person at his last known postoffice address in this state, and the return shall show that service has been made in this manner. The investigation shall be held with as little publicity as practicable, consistently with a fair and impartial hearing, and the complainant and the person whose qualification is under consideration, and any other person who may be permitted to do so by the board shall have the right to introduce all such oral testimony or written testimony, or both, as the board may deem relevant to the issues involved, and the right to be heard in person, or by counsel, or both. The board shall have full power to permit the complaint to be amended at any time. The board shall also have the right to determine all questions as to the sufficiency of the complaint, as to procedure and as to the admissibility and weight of evidence; and the law and rules of pleading and evidence in the courts shall not be applicable to such hearing, but the board shall determine all questions of pleading and evidence according to its own idea of justice and propriety. If the person whose qualification is under consideration absents himself, the hearing shall proceed in his absence. To any such hearing witnesses may be subpoenaed by the board on its own motion or on the demand of either side by subpoena signed by the chairman of the Board of Medical Examiners, or by the person at the time discharging the duties of said officer, and such subpoena may be served by any sheriff of the State of Alabama or by any member of the Medical Association of the State of Alabama, and if served by a member of said association, the return of service shall be sworn to by said member before some officer authorized to administer affidavits. Witnesses may be sworn by said chairman or said person discharging the duties of said officer. Any witness failing to attend shall be liable to a penalty of two hundred dollars, to be recovered by the Board of Medical Examiners if the witness was summoned on behalf of this complainant, or by the person whose qualification is under consideration if the witness was summoned on his behalf, by suit in any court of competent jurisdiction. But in such suit the witness may offer in bar of said suit, and have the validity thereof passed upon, any excuse he may have for such non-attendance. In any such suit the return of the subpoena and a certificate of the non-attendance of the witness by the chairman of the Board of Medical Examiners, or the person at the time discharging the duties of said officer, shall respectively be prima facie evidence of said service of subpoena and said non-attendance. Any witness attending any such hearing shall immediately upon his discharge as a witness be paid by the board two dollars per day for his attendance and the actual cost of his transportation to and from the place of the hearing not exceeding three cents per mile for each mile traveled, to be paid out of the funds of the State Board of Health. If the board is of the opinion that the number of subpoenas desired by said person whose qualification is under consideration is unreasonable it may, for the witnesses above what it considers a reasonable number, require of said person a deposit with which to pay the mileage and per diem of said witnesses. After the hearing the board may return to said person that portion of said deposit which was for witnesses whose evidence shows that they

were not unreasonably summoned. Evidence by deposition may also be taken, the commission being issued by the chairman of the board, and the law and practice as to depositions of courts may be followed in so far as they are deemed reasonably applicable by the board; and no such deposition shall be suppressed for any cause whatever if in the opinion of the board the deposition was fairly taken and no injustice will result from its admission. Whenever it has been established by the judgment of the court of competent jurisdiction that a physician has committed any of the acts or come within any of the disabilities enumerated in the preceding section, the filing of a certified copy of such judgment with the board shall be sufficient to justify such revocation without further hearing, unless the board is of the opinion that fairness to said physician requires that regular hearing be held.

**Sec. 14. REVOCATION AND REPORT TO JUDGE OF PROBATE:** Whenever the State Board of Medical Examiners decides to revoke a certificate of qualification, said board shall make an order of revocation, and shall give written notice thereof to the judge of probate of the counties in which such certificate of qualification is recorded, and said judges of probate shall thereupon forthwith enter upon the margin of the records of such certificate the facts that the same has been revoked and the date of revocation.

No irregularity or informality in the meeting of the board, or the conduct of the said meeting, and no irregularity of notice to members thereof of the meeting, if it be a called meeting, shall in any manner affect the validity of the hearing and order of revocation; but no order of revocation shall be made if less than seven members of the board are present at the time said order is made, or if two or more of those present vote against such order.

**Sec. 15. EFFECT OF REVOCATION; NEW CERTIFICATE:** Whenever the certificate of qualification of a physician has been revoked it shall be unlawful for him to practice medicine in this state, provided that the State Board of Medical Examiners may issue to such physician, either with or without re-examination, a new certificate of qualification whenever it deems such course safe and just. Upon receipt of such new certificate of qualification it shall become lawful for such physician to re-enter upon the practice of medicine.

**Sec. 16. PLACE OF EXAMINATION:** That all examinations under this Act shall be conducted at Montgomery, and that the State Board of Medical Examiners shall fix the times at which examinations shall be held, provided that not less than two examinations shall be held annually.

**Sec. 17. FEE:** That the fee for an examination shall be ten dollars, which amount must be paid in advance of the examination and to such person as the board may authorize to receipt therefor. A fee shall not be returned to an unsuccessful applicant, but such applicant shall be entitled to a second examination without paying an additional fee, provided that such second examination is obtained within one year after the date of the first examination.

**Sec. 18. DISPOSITION OF FEES:** That after defraying all expenses of holding an examination, such as furnishing blanks, paper, postage, certificates, the services of supervisors, clerical help, etc., the remaining funds shall be equally divided among the ten members of the State Board of Medical Examiners.

**Sec. 19. PENALTY FOR PRACTICE WITHOUT CERTIFICATE OR REGISTRATION:** That any person who treats, or offers to treat, diseases of human beings in this state by any system of treatment whatsoever without having obtained a certificate of qualification from the State Board of Medical Examiners shall be guilty of a misdemeanor, and on conviction shall be fined for each offense not less than fifty nor more than five hundred dollars, and may be imprisoned for not less than one nor more than three months. A physician whose certificate of qualification is not on record in the county in which he resides shall not

be entitled to recover at law any compensation for services rendered in treating diseases of human beings.

**Sec. 20. RECORDS OF EXAMINATIONS:** That the State Board of Medical Examiners shall keep complete records of all examinations held by it, giving the name, age, residence, college and date of graduation (if a graduate), of each applicant examined, together with the results of such examination, which record shall be open to inspection. The said Board of Medical Examiners shall also keep complete minutes of all its proceedings, which minutes shall be so preserved as to be easily accessible should occasion arise for referring to them.

**Sec. 21. ADMINISTERING HOME REMEDIES; EMERGENCIES:** That nothing in this Act shall prohibit the administration of domestic remedies in a family by any member thereof, or prohibit any person from rendering service to a sick or injured person in an emergency, provided that the person rendering such service does not pursue the occupation of a physician.

**Sec. 22. REPEALING CLAUSE:** That all laws or parts of laws in conflict with this Act shall be and are hereby repealed.

**Sec. 23. DATE EFFECTIVE:** That this Act shall go into effect on and after the first day of July, 1907.

Approved April 5, 1911.

## MEDICAL PRACTICE LAW OF ARIZONA

### An Act

To Regulate the Practice of Medicine and Surgery, Osteopathy, and Other Systems or Modes of Treating the Sick or Afflicted; and to Provide for the Appointment of a Board of Medical Examiners; and to Prescribe Its Powers, Duties and Compensation.

Be It Enacted by the Legislature of the State of Arizona:

**Sec. 1. APPOINTMENT AND MEMBERSHIP:** The governor shall appoint a Board of Medical Examiners to be known as the Board of Medical Examiners of the State of Arizona, consisting of five members, each of whom shall have resided in Arizona for a period of three years next before his appointment. Such appointments shall be made every second year, as follows: Two members from the allopathic school of medicine of the State of Arizona, one member from the homeopathic school of medicine of the State of Arizona, one member from the eclectic school of medicine of the State of Arizona, and one member from the osteopathic school of medicine of the State of Arizona. Vacancies occurring in the representation of said professions respectively, shall be filled by appointment by the governor from said professions. The appointment of each member shall be for a term of two years, and until his successor is appointed and qualified; provided, however, that no professor, instructor or other person in any manner connected with or financially interested in, any college or school of medicine or surgery or osteopathy shall be appointed a member of said board. It shall require the affirmative vote of three members of said board to carry any motion or resolution, to adopt any rule, to pass any measure or to authorize the issuance of any certificate, as in this act provided. Three members of said board shall constitute a quorum.

**Sec. 2. QUALIFYING:** Each member of said board shall, before entering upon the duties of his office, take the constitutional oath of office, and shall, in addition, make oath that he is a graduate in medicine and surgery or osteopathy, and a licensed practitioner of medicine and surgery, or of osteopathy, of this State.

**Sec. 3. EXAMINATION:** Said board shall organize on or before the first Tuesday of August, 1913, by electing from its number a president, vice-president, second-vice-president, secretary and treasurer, who shall hold their respective positions during the pleasure of said board. Said board shall hold its regular meetings in the capital of the state on the first Tuesday of January, April, July and October of each year, with power of adjournment from time to time until business is concluded. Special meetings of the board may be held at such time as the board may designate.

**Sec. 4. LOCATION:** The office of the said board shall be in the State Capital, and in all legal proceedings against the board the said State Capital shall be deemed to be the residence of members thereof.

**Sec. 5. RULES:** Said board may, from time to time, adopt such rules as may be necessary to enable it to carry into effect the provision of this act. Any member of said board may administer oaths in all matters pertaining to the duties of said board, and the board shall have authority to take evidence in any matter cognizable by it.

**Sec. 6. DEFINITION OF PRACTICE.** Any person shall be regarded as practicing medicine within the meaning of this act who shall, within this State, (a) by advertisement, or by any notice, sign or other indication, or by any statement, printed, written or oral, in public or in private, made, done or procured by himself or herself, or any other, at his or her request, for him or her, claim, announce, make known or pretend his or her ability or willingness to diagnose, or prognosticate, any human diseases, ills, deformities, defects, wounds or injuries; (b) or who shall so advertise or make known or claim his or her ability or willingness to prescribe or administer any drug, medicine, treatment, method or practice, or to perform any operation or manipulation, or to apply any apparatus, or application, for cure, amelioration, correction, reduction or modification of any human disease, ill, deformity, defect, wound or injury, for hire, fee, compensation or reward, promised, offered, expected, received or accepted, directly or indirectly; (c) or who shall, within this State, diagnose or prognosticate any human disease, ill, deformity, defect, wound or injury, for hire, fee, reward or compensation, promised, offered, expected, received or accepted, directly or indirectly; (d) or who shall within the State prescribe or administer any drug, medicine, treatment, method or practice, or perform any operation or manipulation, or apply any apparatus or appliance for the cure, alleviation, amelioration, correction, reduction or modification of any human disease, ill, deformity, defect, wound or injury, for hire, fee, compensation or reward, promised, offered, expected, received or accepted, directly or indirectly; (e) or who shall act as the agent of any person, firm or corporation, in the practice of medicine as hereinbefore set forth; (f) except it be in the advertisement or practice of dentistry, midwifery or pharmacy, or in the usual business of opticians, or of vendors of dental or surgical instruments, apparatus and appliances. Practicing medicine within the meaning of this act is construed to include the practice of osteopathy.

**Sec. 7. FORMS OF CERTIFICATES—REQUIREMENTS:** Three forms of certificates shall be issued by said board under the seal thereof and signed by the president and the secretary: first, a certificate authorizing the holder thereof to practice medicine and surgery; second, a certificate authorizing the holder thereof to practice osteopathy; third, a certificate authorizing the holder thereof to practice any other system or mode of treating the sick or afflicted not referred to in this section.

In order to procure a certificate to practice medicine and surgery, the applicant [for such certificate] must file with said board, at least two weeks prior to a regular meeting [thereof], satisfactory testimonials of good moral character, and a diploma issued by some legally chartered medical school, the requirements of which shall have been, at the time of granting such diploma, in no particular less than those prescribed by the Association of American Medical Colleges for that year, or satisfactory evidence of having possessed such diploma; and he must also file with said diploma an application sworn to before some person authorized to administer oaths, stating that

he is the person named in said diploma, that he is the lawful holder thereof and that the same was procured in the regular course of instruction and examination, without fraud or misrepresentation. The said application shall be made upon a blank furnished by said board, and it shall contain such information concerning the medical instructions and the preliminary education of the applicant as said board may by rule provide. Applicants who have failed to meet the above requirements must be rejected. Applicants for a certificate to practice osteopathy shall be subject to the above regulations, except that in place of the diploma hereinbefore referred to, they shall be required to file a diploma from a legally chartered college of osteopathy, having a course of instruction of at least twenty months, requiring actual attendance, and after 1908, of three years of nine months each, and including the studies examined upon under this act. Applicants for a certificate to practice any other system or mode of treatment not in this act referred to, shall be subject to the above regulations, except that in place of the diplomas hereinbefore referred to, they shall be required to file a diploma from a legally chartered college of the system or mode of treatment which the applicant claims or intends to follow.

In addition to the requirements above set forth, all applicants for a certificate must be personally examined by said board as to their qualifications. The examination shall be conducted in the English language, shall be practical in character and designed to discover the applicant's fitness to practice his profession, and shall be, in whole or in part, in writing, on the following fundamental subjects, to-wit: Anatomy, histology, gynecology, pathology, bacteriology, chemistry, and toxicology, physiology, obstetrics, general diagnosis, hygiene. Examinations in each subject shall consist of not less than ten questions, answers to which shall be marked upon a scale of zero to ten. All applicants must obtain not less than a general average of 75 per cent, and not less than 60 per cent in any one subject. Applicants who can show at least ten years of reputable practice will be granted a credit of five per cent, on the general average, and 5 per cent, additional for each subsequent ten years of such practice. He must receive not less than 50 per cent, on any one subject, however.

The examination papers shall form a part of the records of the board and shall be kept on file by the secretary for a period of one year after each examination. In said examination the applicant shall be known and designated by number only, and the name attached to the number shall be kept secret until the board has finally voted upon the application. The secretary of the board shall in no instance participate as an examiner in any examination held by the board.

**Sec. 8. FEES:** Each applicant on making application shall pay to the secretary of the board a fee of twenty-five dollars, which shall be paid to the treasurer of the board by said secretary. In case the applicant's credentials are insufficient, or in case he does not desire to take the examination, the sum of ten dollars shall be retained, the remainder of the fee being returnable on application.

**Sec. 9. OFFICIAL RECORDS:** Said board shall keep an official record of all its proceedings, a part of which record shall consist of a register of all applicants for certificates under this act, with the result of each applicant and examination, said record shall be evidence of all the proceedings of said board which are set out therein.

**Sec. 10. RECORDING CERTIFICATES:** Every person holding a certificate authorizing him to practice medicine and surgery, or osteopathy, or any other system or mode of treating the sick or afflicted, in this State, must have it recorded in the office of the county recorder of the county in which the holder of said certificate is practicing his profession, and the fact of such recording shall be endorsed on the certificate by the county recorder recording the same. Every such person, on each change of his residence, must have his certificate recorded in the county to which he shall have changed his residence. The absence of such record shall be prima facie evidence of the want of possession of such certificate. Any person holding a certificate who shall practice medicine or surgery or osteopathy, or any other system or mode of treating the sick or afflicted, in this State, or who shall attempt to practice medicine or surgery or osteopathy, or any other system or mode of treating the sick or afflicted, in this State, without first having filed his certificate with the county recorder as herein provided, shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars or by imprisonment for not less than thirty days nor more than sixty days, or by both such fine and imprisonment.

**Sec. 11. COUNTY RECORD:** The county recorder shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the record; and said book shall be open to public inspection during his office hours.

**Sec. 12. REVOCATION; UNPROFESSIONAL CONDUCT:** Said board must refuse a certificate to any applicant guilty of unprofessional conduct; but before such refusal the applicant must be cited by citation, signed by the secretary of the board, and sealed with its seal. No such citation shall be issued except upon a sworn complaint filed with the secretary of the board, charging the applicant with having been guilty of unprofessional conduct, and setting forth the particular acts constituting such unprofessional conduct. On the filing of such complaint the secretary must forthwith issue a citation and make the same returnable at the next session of said board occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant of the time and place, when and where the matter of said unprofessional conduct shall be heard, the particular unprofessional conduct with which the applicant is charged and that the applicant shall file his written answer, under oath, within twenty days next after the service on him of said citation, or default will be taken against him, and his application for a certificate be refused. The attendance of witnesses at such hearing shall be compelled by subpoena issued by the secretary of the board, under its seal; and said secretary shall in no case refuse to issue any such subpoena, upon a fee of twenty cents being paid him for such subpoena. Said citation and said subpoenas shall be served in accordance with the statutes of the state then in force as to service of citations and subpoenas generally, and all provisions of the statutes of this State then in force relating to subpoenas are hereby made applicable to the subpoenas provided for herein. If any person refuses to obey a subpoena served upon him in accordance with the statutes of this state then in force providing for the manner of serving subpoenas, the fact of such refusal shall be certified by the secretary of said board, under the seal thereof, to the superior court of the county in which the service was had, and said court shall thereupon proceed to hear said matter in accordance with the statutes of this state then in force as to contempts for disobedience of process of this court; and should said court find that the subpoena has been legally served, and that the party so served has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this

act, depositions of witnesses may be taken, the same as in civil cases, and all the provisions of the statutes of this State then in force as to the taking of depositions are hereby made applicable to the taking of depositions under this act. If the applicant shall fail to file with the secretary of said board his answer, under oath, to the charges made against him, within twenty days after service on him of said citation or within such further time as the board may give him, and the charges on their face be deemed sufficient by the board, default shall be entered against him, and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, and to that end shall hear such evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. No certificate shall be refused on the ground of unprofessional conduct unless the applicant has been guilty of such conduct within two years next preceding his application. Whenever any holder of a certificate herein provided for is guilty of unprofessional conduct, as the same is defined in this act, and the said unprofessional conduct has been brought to the attention of the board granting said certificate, in the manner hereinafter pointed out, or whenever a certificate has been procured by fraud or misrepresentation, or issued by mistake, it shall be their duty to, and they must, revoke the same at once, and the holder of said certificate shall not be permitted to practice medicine, surgery or osteopathy, or any other system or mode of treating the sick or afflicted in this State. But no such revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinafter provided in this section in case of refusal to issue certificates. Said secretary, in all cases of revocation, shall enter on his register the fact of such revocation and shall certify the fact of such revocation, under the seal of the board, to the county recorder of the county in which the certificate of the person whose certificate has been revoked, has been recorded; and said recorder must thereupon write upon the margin or across the face of his register of the certificate of such person, the following: "This certificate was revoked on the ..... day of ....., giving the day, month and year of such revocation in accordance with said certification to him by said secretary. The record of such revocation so made by said county recorder shall be prima facie evidence of the fact thereof, and of the regularity of all the proceedings of said board in the matter of said revocation. From the time of the revocation of a certificate the holder thereof shall be disqualified from practicing medicine or surgery, osteopathy, or any other system or mode of treating the sick or afflicted in this State.

The words "unprofessional conduct," as used in this act, are declared to mean:

First: The procuring, or aiding or abetting in procuring, a criminal abortion.

Second: The wilful betrayal of a professional secret.

Third: All advertising of medical business which is intended, or has a tendency, to deceive the public or impose upon credulous or ignorant persons, and so be harmful or injurious to the public morals or safety.

Fourth: All advertising of any medicine or of any means whereby the monthly periods of women can be regulated or the menses re-established if suppressed.

Fifth: Conviction of any offense involving moral turpitude, in which case the record of such conviction shall be conclusive evidence.

Sixth: Habitual intemperance in the use of alcohol or narcotic drugs.

Seventh: The personification of another licensed practitioner of a like or different name.

**Sec. 13. POWERS OF BOARD:** Said board shall have the power to employ legal counsel and clerical assistance and to fix the salaries of the same and to incur such

other expenses as may be deemed necessary to carry into effect the provisions of this act. It shall also fix the salary of the secretary, not to exceed the sum of twelve hundred dollars per annum, and the sum to be paid to the other members of said board, not to exceed ten dollars per diem each, for each and every day of actual service in the discharge of official duties; and said board may, in its discretion, add to said sum necessary traveling expenses. The expense of said board, including the salary of secretary, shall not exceed the amount of fees collected by said board as herein provided. All money in excess of the actual expenses of the board shall be paid annually into the State treasury.

**Sec. 14. PENALTIES:** Any person who shall practice or attempt to practice, or advertise, or hold himself out as practicing, medicine or surgery, osteopathy, or any other system or mode of treating the sick or afflicted, as defined in this act, in this State, without having, at the time of so doing, a valid, unrevoked certificate, as provided in this act, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than one hundred dollars, nor more than five hundred dollars, or by imprisonment for a term of not less than sixty days, nor more than six months, or by both such fine and imprisonment. In each such conviction the fine shall be paid, when collected, to the State treasurer, and shall constitute a special fund for the prosecution of illegal practitioners as defined in this act, the said fund to be paid to the said boards upon warrants drawn therefor by its secretary, and the said board is authorized to prosecute all persons guilty of a violation of the provisions of this section.

**Sec. 15. FRAUDULENT RECORD:** Every person filing for record, or attempting to file for record, the certificate issued to another, falsely claiming himself to be the person entitled to the same, shall be guilty of a felony, and upon conviction thereof, shall be subject to such penalties as are provided by the laws of this State for the crime of forgery.

**Sec. 16.** Any person assuming to act as a member of the State Board of Medical Examiners without so being a member, or who shall sign or subscribe, or issue, or cause to be issued, or seal, or cause to be sealed, a certificate authorizing any person to practice medicine or surgery, or osteopathy, or any other system or mode of treating the sick or afflicted, in this State, shall be guilty of a felony, and shall be punished by imprisonment in the State penitentiary for a term of not more than five years.

**Sec. 17. WHO MAY PRACTICE:** Any person who holds an unrevoked certificate from the Board of Medical Examiners created "by an Act to Amend an Act to Regulate the Practice of Medicine in Arizona," which was approved March 18, 1897, or from the board of examiners created under the provisions of Chapter 1, of Title 53, of the Revised Statutes of Arizona, 1901, or from the board of medical examiners created by an Act of the Legislative Assembly of the Territory of Arizona, entitled "An Act to Regulate the Practice of Medicine," approved March 19, 1903, shall be entitled to practice medicine and surgery in this State the same as if such certificate has been issued under this act, and any osteopath who has qualifications as set forth in Sec. 7, and who shall establish to the satisfaction of the board that he or she was actively engaged in practice in the State at the date of introduction of this bill shall be entitled to receive a certificate to practice osteopathy.

**Sec. 18. EXEMPTION:** Nothing in this act shall be so construed as to inhibit service in the case of emergency, or to the domestic administration of family remedies; nor shall this act apply to any commissioned medical officer in the United States Army, Navy, or Public Health Service, in the discharge of his official duties; nor to any licensed dentist when engaged exclusively in the practice of dentistry. Nor shall this act apply to any practitioner from another State or Territory, when in

actual consultation with a licensed practitioner of this State, if such practitioner is, at the time of such consultation, a licensed practitioner of the State or Territory in which he resides; provided, that such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this State. Nor shall this act be construed so as to discriminate against any particular school of medicine or surgery or osteopathy, or any other system or mode of treating the sick or afflicted, or to interfere in any way with the practice of religion; provided, that nothing herein shall be held to apply to or to regulate any kind of treatment by prayer; and provided further, that all sanitary laws and regulations regarding contagious or infectious diseases, applicable to practitioners of medicine, shall be held to apply equally to the practice of any system or mode of treating the sick or afflicted.

Sec. 19. All acts or parts of acts in conflict with the provisions of this act are hereby repealed.

Approved March 22, 1913.

## MEDICAL PRACTICE LAW OF ARKANSAS

### An Act

To Regulate the Practice of Medicine and Surgery, and Providing for the Appointment of Three Boards of State Medical Examiners, and Defining Their Duties.

Be It enacted by the General Assembly of the State of Arkansas:

Section 1. MEMBERS OF BOARD; HOW APPOINTED: That the medical examiners herein provided for shall consist of three boards: One of physicians and surgeons; recommended by "The Homeopathic Medical Society of Arkansas"; one of physicians and surgeons, recommended by "The Arkansas State Eclectic Medical Society," and one of physicians and surgeons, recommended by "The Arkansas Medical Society."

There shall be seven (7) members of each board, appointed so as to have one member from each Congressional District upon each board. The appointment shall be made by the Governor from a list of names presented by the respective medical societies.

Sec. 2. VACANCIES: That the members first appointed on the boards shall be divided into two (2) classes, the first class to consist of four (4) members appointed for two (2) years, the second class of three (3) members shall be appointed for four (4) years, and thereafter all appointments shall be for four (4) years.

Vacancies in the said boards shall be filled as they occur by appointments from lists furnished as provided. No member shall be appointed for more than two terms in succession; and no member, or professor, or teacher in a medical college or school or university, having a medical department, shall be appointed upon the board.

Sec. 3. ORGANIZATION: Within thirty days after their appointments the respective boards shall meet and organize by electing a president, secretary and treasurer of their respective boards.

The treasurer of each of the said boards shall give bond in such amount as may be designated by the board, conditioned for the faithful disbursement of all moneys coming into his hands as such treasurer.

Each of the said boards shall have a common seal. The president and secretary shall have power to administer oaths for the purposes of this Act. The members of the boards shall, before entering upon the discharge of their duties, take the oath prescribed by the constitution of this state for state officers.

Sec. 4. MEETINGS: The said boards shall hold two regular stated meetings per year, to-wit: The second Tuesdays in May and November, at such places as a majority may agree upon, consulting the convenience of the boards and applicants for examination and certificates.

Special meetings may be held upon the call of the president whenever it is deemed necessary or expedient. Said boards shall keep a record of their proceedings, together with a correct list of all applicants for license to practice medicine in any of its branches, with name, sex, color, age, nativ-

ity; time spent in the study of medicine, and, if possessing a diploma, the name and locality of the institution granting same, stating the system of medicine followed by each.

This record shall also state whether the applicant was rejected or licensed; said record shall be prima facie evidence of all matters required to be kept therein, and a certificate issued under the seal of said board, and signed by the president and secretary thereof, and shall be prima facie evidence in any of the courts of this state of any matter appearing upon said records.

Sec. 5. TITLE OF BOARD: The boards shall be styled and known as the "Homeopathic Medical Board," the "Eclectic State Medical Board," and the "State Medical Board of the Arkansas Medical Society."

The "Homeopathic State Medical Board" shall examine all applicants who have graduated from homeopathic medical schools; the "Eclectic State Medical Board" shall examine all applicants who have graduated from the eclectic medical schools; and the "State Medical Board of Arkansas Medical Society" shall examine all other applicants.

The boards shall act separately and independently of each other, and wherever this Act refers to and defines the duties of the board, it shall be construed as referring to their acting separately, as well as independently of each other.

Sec. 6. WHO MAY PRACTICE: Each person now practicing medicine in this state shall, within ninety days after the passage of this Act, prepare a written statement, giving his name, postoffice address and county; when and where he received authority to practice medicine in this state; where his diploma or certificate is on record; and, if a diploma, from what school or medical college issued; such statement shall be sworn to before some officer authorized to administer oaths, and shall be forwarded to the secretary of the board representing his school of medicine.

If it shall appear from such statement that such person was regularly authorized to practice medicine under the then existing laws, the said board shall register the name of such person in their list of accredited physicians, and issue to such person a certificate that his name has been placed upon such list. If it shall appear from the statement that such person has not been legally authorized to practice medicine, or that his diploma is not from a reputable medical school or college, or, if from any other source of information, it shall appear that the statement is false, the board shall refuse to issue to such person a certificate, and shall notify such person in writing of their refusal and the reason therefor. If such person shall show to the satisfaction of the board by affidavits or otherwise that he has complied with the laws of this state regulating the practice of medicine, they shall in that event issue to him a certificate. Upon the failure of such person to make the proof required by this section, he shall, before continuing in the practice, make application and stand examination required by the following provisions of this Act.

Sec. 7. PENALTIES: Any person who shall wilfully and knowingly make any false statement to the board concerning his authority to practice medicine shall be deemed guilty of perjury and punished, as now provided by law for those found guilty, and may be indicted and tried for such offense, either in the county where the affidavit to such statement was made, or where such person resides.

Sec. 8. EXAMINATIONS: Every person residing in the state, or coming into it, of the age of twenty-one years, who has not heretofore been licensed to practice medicine under the existing laws, making application to register under the provisions of this Act for the purpose of practicing medicine in this state, shall first make application to the secretary of the board representing the school of medicine from which he graduated, and his application shall be accompanied by a fee of fifteen (\$15) dollars, this fee being for examination and registration before the boards. The applicant shall present to the board satisfactory evidence of graduation from a reputable medical school, and a school shall be considered reputable within the meaning of this Act whose entrance requirements and course of instruction are as high as those adopted by the better class of medical schools of the United States. Such examinations may be written or oral and shall be of a practical character and conducted on the scientific branches only, and shall include anatomy, physiology, medical chemistry, materia medica, therapeutics, theory and practice of medicine, pathology, bacteriology, surgery, obstetrics, gynecology and hygiene. All questions and answers, with grades attached, shall be preserved by the secretary for one year. If, in the opinion of the board, the applicant possesses the necessary qualifications, the board shall issue to him a certificate.

The boards may, at their discretion, arrange for reciprocity in license with the authorities of states and territories having requirements equal to those of those established by the boards, and every person desiring license under reciprocity must make application to the secretary of the board representing the school of medicine from which he graduated.

License may be granted applicants for license under such reciprocity on payment of twenty-five dollars.

The boards may refuse to or may revoke a license for the following causes, to-wit:

- (a) Chronic and persistent inebriety.
- (b) The practice of criminal abortion, either as principal or abettor.
- (c) Conviction of the crime involving moral turpitude.
- (d) Publicly advertising special ability to treat or cure chronic and incurable diseases.
- (e) The representation to the board of any license, certificate or diploma which was illegally or fraudulently obtained, or the practice of fraud or deception in passing the examination. In complaints for violating the provisions of this section, the accused person shall be furnished with a copy of the complaint, and given a hearing before said board in person or by attorney, and any person after such refusing or revocation of license, who shall attempt and continue the practice of medicine, shall be subject to the penalties hereinbefore described.

Sec. 9. CERTIFICATE TO BE RECORDED: Every person receiving a certificate from the board, whether practicing now or hereafter licensed to practice, shall have such certificate recorded in the office of the county clerk where he is practicing or proposes to practice; and, when such person moves to another county for the purpose of continuing the practice of medicine, he shall file for record with the county clerk of the county to which he moves, a certified copy of his certificate.

Sec. 10. TEMPORARY PERMITS: That to prevent delay and inconvenience any member of the board applied to, provided that the board applied to represents the school of medicine from which the applicant

graduated, may grant a temporary permit to practice, upon the payment of the fee required for applicants, and after a satisfactory examination, such permit shall not continue in force longer than until the next regular meeting of the board, and shall not be granted for a longer period than two months in advance of the next regular and stated meeting of the board.

**Sec. 11. PENALTIES:** Every person who shall practice, or shall attempt to practice medicine in any of its branches, or who shall perform or attempt to perform any surgical operation for any person, or upon any person within this state without first having complied with the provisions of this Act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five (\$25) dollars nor more than five hundred (\$500) dollars, or by imprisonment in the county jail for a period of not less than ten days nor more than ninety days, or by both fine and imprisonment, and each day of such practice shall constitute a separate offense.

Provided, however, That this shall not apply to persons now engaged in the practice of medicine until ninety days after the passage of this act, the time allowed them for securing their certificate.

**Sec. 12. ITINERANTS:** Any itinerant vendor of any drug, nostrum, ointment or application of any kind, intended for the treatment of disease or injury, or who may, by writing, print or other methods, profess to cure or treat diseases or deformity by any drug, nostrum, manipulation or other expedient, in this state, shall be deemed to be in violation of this law and punished as provided. This does not apply to persons who obtain certificates as herein provided.

**Sec. 13. DEFINITION OF PRACTICE:** Any person shall be regarded as practicing medicine, in any of its departments, within the meaning of this act, who shall append M.D. or M.B. to his name, or, repeatedly prescribe or direct for the use of any person or persons any drug or medicine or other agency for the treatment, cure, relief of any bodily injury, deformity or disease.

Provided, That nothing in this act shall be construed as to prevent any person from administering domestic remedies without receiving any compensation therefor, and nothing herein shall apply to the so-called midwives.

**Sec. 14. COMPENSATION OF MEMBERS:** The secretary of the board shall provide the board with blank books, certificates and such stationery as is necessary for the transaction of the business pertaining to their duties. All money received by the board shall be disbursed by the treasurer upon the warrant of the secretary countersigned by the president of the board.

The members of the board shall receive as a compensation for their services the sum of ten (\$10) dollars per day for every day actually engaged in the discharge of their duties under this act, and the secretaries shall receive such additional salary as may be fixed and agreed upon by the boards.

The members of the boards shall pay their own traveling expenses and hotel bills. The members of the boards shall look to and be dependent entirely upon the fees provided herein for their compensation, and all other expenses in connection with their duties.

It shall not be lawful for said boards, or any members thereof, in any manner whatever, or for any purpose, to charge or obligate the state for the payment of any money whatever. If, after paying all legitimate obligations of the board for stamps, printing, salary of secretary, etc., there should not be sufficient sums on hand to pay each member his per diem in full, the amount shall be prorated; but if at the end of the year there should be a greater revenue than sufficient to meet all obligations, such surplus shall remain in the treasury to be used in expenditures of the boards during the succeeding year.

**Sec. 15. ANNUAL REPORTS:** The boards shall annually file with the governor a report of their transactions during the year, giving the names of all to whom they have granted certificates during the year, naming

the system of medicine practiced by each, and shall in such report show the amount of money received and from what source, the amount expended and for what purpose, and shall embody in their report any other matters or facts deemed expedient, and make such recommendations for the improvement of the practice of medicine in this state as may be deemed advisable.

If the boards shall have sufficient funds on hand to pay for same, they shall have said reports printed in pamphlet form and furnish each physician in this state with a copy thereof.

**Sec. 16. ACT IN FORCE:** All laws or parts of laws in conflict with this Act are hereby repealed, and this Act shall take effect and be in force 90 days after its passage.

Approved Feb. 17, 1903.

#### The Gant Law

**Section 1. ADVERTISING OR SOLICITING; PROFESSIONAL SECRECY; PENALTIES:** That any physician, surgeon or person engaged in the practice of medicine in the state, for the purpose of procuring patients, employ any solicitor, capper or drummer, or shall subsidize or employ any hotel or boarding-house, or advertise his business or remedies by untruthful or improbable statements made in his advertisements, circulars or cards, or who shall obtain any fee or compensation from any one by any assurance or promise that a manifestly incurable disease is curable, or who shall wilfully betray or expose any professional secret learned by him from his patient or patron, or who shall become an habitual drunkard and continue the practice of medicine or surgery while such habitual drunkard, or administer any medicine or perform any operation while drunk, shall be deemed guilty of a misdemeanor, and on conviction be punished by a fine not less than twenty-five dollars (\$25) and not more than two hundred dollars (\$200), and by a revocation of his license to practice medicine and surgery, which such revocation shall be adjudged and pronounced by the same court in which he is tried and convicted, and at the same time.

**Sec. 2. CONVICTION OF CRIME; PENALTIES:** That whenever any physician and surgeon, or person engaged in the practice of medicine or surgery in this state, shall be convicted of any crime and misdemeanor, involving moral turpitude, in addition to the other penalty or penalties imposed upon him, shall be added a revocation of his license to practice medicine and surgery.

**Sec. 3. ABORTION:** That if any physician or surgeon or other person engaged in the practice of medicine shall commit the crime of abortion, or aid or abet in the commission thereof; provided, this section shall not apply to any abortion produced by any regular practicing physician for the purpose of saving the mother's life, he shall be adjudged guilty of a felony and punished by imprisonment in the state penitentiary for a period of not less than one year nor more than five years and his license to practice shall be revoked.

**Sec. 4.** That any physician or surgeon or person whose license to practice shall, on conviction under the provisions of this Act, have his license revoked, may appeal from the judgment of conviction, but shall not, pending the appeal, be permitted to practice either medicine or surgery, and if he does so practice, or attempts or offers to so practice pending the appeal, he shall be punished in the same manner and to the same extent as if he had never had any license to practice.

**Sec. 5.** That after the expiration of one year from the date of the revocation of the license of any physician and surgeon, under this act, he may appeal to the proper medical board for a new license, and may be relicensed, if he shall satisfy the board that he is qualified, has reformed and is worthy.

**Sec. 6.** That all laws and parts of laws in conflict herewith are hereby repealed, and this Act shall take effect and be in force from and after its passage.

Approved Feb. 17, 1903.

## PHYSICIANS OF ARKANSAS

**EXPLANATORY NOTE.**—The present medical practice act became effective February 17, 1903. Previous to the passage of this law a system of county registration prevailed. License dates previous to 1903 refer to date of registration of diplomas in county clerk's office. Dates subsequent to 1903 refer to date of registration by one of the three existing boards. As complete information regarding the legally qualified physicians of Arkansas has not been obtained from the secretaries of the state examining boards it has not been possible to limit the insertion of names to those known to be legally qualified to practice medicine. The date of license of registration is only given in the case of physicians whose legal status has been certified to by the secretary of one of the licensing boards.

## MEDICAL PRACTICE LAW OF CALIFORNIA

### An Act

To Regulate the Examination of Applicants for License, and the Practice of Those Licensed, to Treat Diseases, Injuries, Deformities, or other Physical or Mental Conditions of Human Beings; to Establish a Board of Medical Examiners, to Provide for their Appointment and Prescribe their Powers and Duties, and to Repeal an act entitled "An Act for the Regulation of the Practice of Medicine and Surgery, Osteopathy, and other Systems or Modes of Treating the Sick or Afflicted, in the State of California, and for the Appointment of a Board of Medical Examiners in the Matter of said Regulation," approved March 14, 1907, and acts amendatory thereof, and also to repeal all other acts and parts of acts in conflict with this act. The people of the State of California do enact as follows:

**Section 1. BOARD OF MEDICAL EXAMINERS:** A board of Medical Examiners to consist of ten members, and to be known as the "Board of Medical Examiners of the State of California," is hereby created and established. The governor shall appoint the members of the board, each of whom shall have been a citizen of this state for at least five years next preceding his appointment. Each of the members shall be appointed from among persons who hold licenses under any of the medical practice acts of this state. The governor shall fill by appointment all vacancies on the board. The term of office of each member shall be four years; provided, that of the first board appointed, three members shall be appointed for one year, two for two years, two for three years and three for four years, and that thereafter all appointments shall be for four years, except that appointments to fill vacancies shall be for the unexpired term only. No person in any manner owning any interest in any college, school or institution engaged in medical instruction shall be appointed on the board, nor shall more than one member of the board be appointed from the faculty of any one university, college, or other educational institution. The governor shall have power to remove from office any member of the board for neglect of duty required by this act, for incompetency, or for unprofessional conduct. Each member of the board shall, before entering upon the duties of his office, take the constitutional oath of office.

**Sec. 2. ORGANIZATION:** The board shall be organized on or before the first Tuesday of September, 1913, by electing from its number a president, vice-president, secretary, and treasurer, who shall hold their respective positions during the pleasure of the board. The board shall hold one meeting annually beginning on the second Tuesday in January in the city of Sacramento and at least two additional meetings annually, one of which shall be held in the city of Los Angeles and the other in the city of San Francisco, with power of adjournment from time to time until its business is concluded; provided, however, that examinations of applicants for certificates may, in the discretion of the board, be conducted in any part of the state designated by the board. Special meetings of the board may be held at such time and place as the board may designate. Notice of each regular or special meeting shall be given twice a week for two weeks next preceding each meeting in one daily paper published in the city of San Francisco, one published in the city of Sacramento, and one published in the city of Los Angeles, which notice shall also specify the time and place of holding the examination of applicants. The board shall receive through its secretary applications for certificates provided to be issued under this act and shall, on or before the first day of January of each year, transmit to the governor a full report of all its proceedings together with a report of its receipts and disbursements. The board shall, on or before the first day of January of each year, compile a complete directory giving the addresses of all persons within the state of California who hold unrevoked licenses to practice under any medical practice act of the state of California, which license shall in any manner authorize the treatment of human beings for diseases, injuries, deformities, or any other physical or mental conditions. The board is hereby authorized to require said persons to furnish such information as it may deem necessary to enable it to compile the directory. The directory shall contain in addition to the names and addresses of said persons, the names and symbols indicating the title, name or names, school or schools, which such person has attended and from which graduated, the date of issuance of the license, the present residence of said person and a statement of the form of certificate held. The directory shall be prima facie evidence of the right of the person or persons named therein to practice. It shall be the duty of every person holding a license to practice under any medical act of this state, or who may hereafter be so licensed to practice, to report immediately each and every change of residence, giving both the old and the new address.

**Sec. 3. OFFICE:** The office of the board shall be in the city of Sacramento and in all legal proceedings against the board said city shall be deemed to be the residence of the members thereof.

**Sec. 4. POWERS:** The board may from time to time adopt such rules as may be necessary to enable it to carry into effect the provisions of this Act. It shall require the affirmative vote of seven members of said board to carry any motion or resolution, to adopt any rules, to pass any measure, or to authorize the issuance of any certificate as in this act provided. Any member of the board may administer oaths in all matters pertaining to the duties of the board, and the board shall have authority to take evidence in any matter cognizable by it. The board shall keep an official record of all its proceedings, a part of which record shall consist of a register of all applicants for certificates under this act, together with the action of the board upon each application.

**Sec. 5. AUTHORITY TO PROSECUTE:** The board is authorized to prosecute all persons guilty of violation of the provisions of this act. It shall have the power to employ legal counsel for such purpose, and may also employ such clerical assistance as it may deem necessary to carry into effect the provisions of this act. The board may fix the compensation to be paid for such service and may incur such other expenses

as it may deem necessary. It shall also fix the salary of the secretary, not to exceed the sum of eighteen hundred dollars (\$1,800) per annum, and the sum to be paid to other members of the board, not to exceed ten dollars (\$10) per diem each, for each and every day of actual service in the discharge of official duties; and the board may in its discretion, add to said sum necessary traveling expenses.

**Sec. 6. FUND:** All fees collected on behalf of the Board of Medical Examiners, and all receipts of every kind and nature, shall be reported at the beginning of each month, for the month preceding, to the state controller, and at the same time the entire amount of such collections shall be paid into the state treasury, and shall be credited to a fund to be known as the Board of Medical Examiners' contingent fund, which fund is hereby created. Such contingent fund shall be for the uses of the Board of Medical Examiners and out of it shall be paid all salaries and all other expenses necessarily incurred in carrying into effect the provisions of this act. An amount not to exceed one thousand dollars (\$1,000) may be drawn from the contingent fund herein created, to be used as a revolving fund where cash advances are necessary; but expenditures from such revolving fund must be substantiated by vouchers and itemized statements at the end of each fiscal year, or at any other time when demand therefor is made by the board of control.

**Sec. 7. FEES:** Every applicant for a certificate shall pay to the secretary of the board a fee of twenty-five dollars (\$25), which shall be paid to the treasurer of the board by said secretary. In case the applicant's credentials are insufficient or in case he does not desire to take the examination, the sum of ten dollars (\$10) shall be retained, the remainder of the fee being returnable on application.

**Sec. 8. FORMS OF CERTIFICATES:** Two forms of certificates shall be issued by said board under the seal thereof and signed by the president and secretary; first, a certificate authorizing the holder thereof to use drugs or what are known as medicinal preparations in or upon human beings and to sever or penetrate the tissues of human beings and to use any and all other methods in the treatment of diseases, injuries, deformities, or other physical or mental conditions, which certificate shall be designated "physician and surgeon certificate"; second, a certificate authorizing the holder thereof to treat diseases, injuries, deformities, or other physical or mental conditions without the use of drugs or what are known as medicinal preparations and without in any manner severing or penetrating any of the tissues of human beings except the severing of the umbilical cord, which certificate shall be designated "drugless practitioner certificate." A "reciprocity certificate" shall also be issued under the provisions hereinafter specified. Any of these certificates on being recorded in the office of the county clerk, as hereinafter provided, shall constitute the holder thereof a duly licensed practitioner in accordance with the provisions of his certificate.

**Sec. 9. QUALIFICATIONS OF APPLICANTS:** Every applicant must file with the board at least two weeks prior to the regular meeting thereof, satisfactory testimonials of good moral character, and a diploma or diplomas issued by some legally chartered school or schools approved by the board, the requirements of which school or schools shall have been at the time of granting such diploma or diplomas in no

degree less than those required under this act, or satisfactory evidence of having possessed such diploma or diplomas, and must file an affidavit stating that he is the person named in said diploma or diplomas, and that he is the lawful holder thereof, and that the same was procured in the regular course of instruction and examination without fraud or misrepresentation; provided, that in addition thereto, each applicant for a "physician and surgeon certificate" must show that he has attended four courses of study, each such course to have been of not less than thirty-two weeks' duration, but not necessarily pursued continuously or consecutively, and that at least ten months shall have intervened between the beginning of any course and the beginning of the preceding course; provided, further, that an applicant for a "drugless practitioner certificate" must show that he has attended two courses of study, each such course to have been of not less than thirty-two weeks' duration, but not necessarily pursued continuously or consecutively, and that at least ten months shall have intervened between the beginning of any course and the beginning of the preceding course; provided, also, that before July 1, 1918, in lieu of the diploma or diplomas and preliminary requirements herein referred to, where the applicant can show to the satisfaction of the Board of Medical Examiners that he has taken courses hereinafter required in a school or schools approved by the board totaling for applicants for "drugless practitioner certificates" not less than sixty-four weeks consisting of not less than twenty-four hundred hours, and for "physician and surgeon certificates" totaling not less than one hundred twenty-eight weeks consisting of not less than forty-eight hundred hours, it being required that all applicants shall have received passing grades in all such courses, that the applicant or applicants shall be admitted to examination for their respective form of certificates.

The said application shall be made upon a blank furnished by said board and it shall contain such information concerning the medical instruction and the preliminary education of the applicant as the board may by rule prescribe. In addition to the requirements hereinabove provided for, applicants for either form of certificate hereunder shall present to said board at the time of making such application a diploma from a California high school or other school in the state of California requiring and giving a full four years' course of same grade, or other schools elsewhere, requiring and giving a full four years' standard high school course or its equivalent, approved by the board, together with satisfactory proof that he is the lawful holder of such diploma and that the same was procured in the regular course of instruction. In lieu of such diploma, the applicant may present: (1) a certificate from the college entrance examination board, or the college examining board of any state or territory showing that such applicant has successfully passed the examination of said board; or (2) if such applicant be thirty years or more of age he may show to the satisfaction of the Board of Medical Examiners proof of preliminary education equivalent in training power to the foregoing requirements. After Jan. 1, 1919, every applicant for a "physician and surgeon certificate" shall in addition to the foregoing requirements present to the board satisfactory evidence that before beginning the study of medicine he has completed a course which includes at least one year of work, of college grade, in each of the subjects of physics, chemistry and biology.

Sec. 10. EDUCATIONAL REQUIREMENTS: Applicants for either form of certificate shall file satisfactory evidence of having pursued in any legally chartered school or schools, approved by the board, a course of instruction covering and including the following minimum requirements:

In the course of study herein outlined the hours required shall be actual work in the class-room, laboratory, clinic or hospital, and at least eighty (80) per cent. of actual attendance shall be required; provided, that the hours herein required in any one subject need not exceed seventy-five (75) per cent. of the number specified, but that the total number of hours in all the subjects of each group shall not be less than the total number specified for such group.

Sec. 11. In addition to above requirements, all applicants for "physician and surgeon certificates" must pass an examination to be given by the board in the following subjects:

1. Anatomy and histology.
2. Physiology.
3. Bacteriology and pathology.
4. Chemistry and toxicology.
5. Obstetrics and gynecology.
6. Materia medica and therapeutics, pharmacology, including prescription writing.
7. General medicine, including clinical microscopy.
8. Surgery.
9. Hygiene and sanitation.

All applicants for "drugless practitioner certificates" must pass an examination in the following subjects:

1. Anatomy and histology.
2. Physiology.
3. General diagnosis.
4. Pathology and elementary bacteriology.
5. Obstetrics and gynecology.

6. Toxicology and elementary chemistry.
7. Hygiene and sanitation.

Provided, That a person who holds a "drugless practitioner certificate," and who presents evidence of having successfully completed the additional courses required for the "physician and surgeon certificate" as hereinbefore provided, shall be permitted to take his examination in subjects required for a "physician and surgeon certificate" without being reexamined in "drugless practitioner" subjects.

All examinations shall be practical in character and designed to ascertain the applicant's fitness to practice his profession, and shall be conducted in the English language, and at least a portion of the examination in each of the subjects shall be in writing. There shall be at least ten questions on each subject, the answers to which shall be marked on a scale of zero to one hundred. Each applicant must obtain no less than a general average of 75 per cent., and not less than 60 per cent. in any two subjects; provided, that any applicant shall be granted a credit of 1 per cent. upon the general average for each year of actual practice since graduation; provided, further, that any applicant for "physician and surgeon certificate" obtaining seventy-five (75) per cent. each in seven subjects, and any applicant for "drugless practitioner certificate" obtaining seventy-five (75) per cent. each in five subjects shall be subsequently reexamined in those subjects only in which he failed, and without additional fee.

The examination papers shall form a part of the records of the board, and shall be kept on file by the secretary for a period of one year after each examination. In said examination the applicant shall be known and designated by number only, and the name attached to the number shall be kept secret until after the board has finally voted upon the application. The secretary of the board shall in no instance participate as an examiner in any examination held by the board. All questions on any subject in which examination is required under this Act shall be provided by the Board of Medical Examiners upon the morning of the day upon which examination is given in such subject, and when it shall be shown that the secretary or any member of the board has in any manner given information in advance of or during examination to any applicant it shall be the duty of the governor to remove such person from the Board of Medical Examiners, or from the office of secretary.

All certificates issued hereunder must state the extent and character of practice which is permitted thereunder and shall be in such form as shall be prescribed by the board.

Sec. 12. MEDICAL OFFICERS OF U. S. ARMY AND NAVY: Any medical director, medical inspector, passed assistant surgeon, or assistant surgeon of the United States Navy, honorably discharged, or temporarily detached, or placed upon the retired list without being discharged from the medical department of the United States Navy, or who by resignation has honorably severed all connection with the service, and any surgeon of the United States Army, honorably discharged, or temporarily detached or placed upon the retired list without being discharged from the medical department of the United States Army, or who by resignation has honorably severed all connection with the service, is hereby authorized to practice medicine and surgery within the state of California, by filing a sworn copy of his discharge, if he be discharged, or of the order temporarily detaching him or the order placing him upon the retired list, with the State Board of Medical Examiners or by proving to the satisfaction of the board that by resignation he has honorably left the services of either the Army or Navy, and paying said board a fee of fifty dollars (\$50); provided, however, that this provision shall not apply to any contract surgeon in the United States Army or Navy, and shall not apply to any officer of Medical Reserve Corps of either said Army or Navy.

Sec. 13. Said board must also issue a "physician and surgeon certificate" to any applicant, without any examination, author-

ing the holder thereof to practice medicine and surgery in the state of California, upon payment of a registration fee of fifty dollars (\$50), upon the following terms and conditions and upon satisfactory proof thereof, viz: The applicant must produce a certificate entitling him to practice medicine and surgery, as provided for in said "physician and surgeon certificate," issued either by the Medical Examining Board, or by any other board or officer authorized by the law to issue a certificate entitling such applicant to practice medicine and surgery, either in the District of Columbia, or in any state or territory of the United States, or if such certificate shall have been lost, then a copy thereof, with proof satisfactory to the Board of Medical Examiners of the state of California that the copy is a correct copy. Said certificate must not have been issued to such applicant prior to the first day of August, 1901, and the requirements from the medical college from which such applicant may have graduated, and the requirements of the board which was legally authorized to issue such certificate permitting such applicant to practice medicine and surgery shall not have been, at the time such certificate was issued, in any degree or particular less than those which were required for the issuance of a certificate to practice medicine and surgery in the state of California at the date of the issuance of such certificate, or which may hereafter be required by law and which may be in force at the time of the issuance of any such certificate; and provided, further, that said applicant shall also furnish from the board which issued said certificate evidence satisfactory to the Board of Medical Examiners of the state of California, showing what the requirements were of the college, or board, issuing such certificate, at the date of such issuance. If, after an examination of such certificate, and the production on the part of the applicant of such further reasonable evidence of the said requirements as may be deemed necessary by the Board of Medical Examiners of the state of California, and any other or further examination or investigation which said board may see fit to make, on its own part, it shall be found that the requirements of the board issuing such certificate were, when said certificate was issued, in any degree or particular less than the requirements provided by the laws of the state of California, at the date of the issuance of such certificate, he will not be entitled to practice within the state of California without an examination. Any person may file an application with the said board to practice medicine and surgery within the state of California, in the event that such applicant has been duly licensed prior to Aug. 1, 1901, and has practiced medicine and surgery in another state or territory, or the District of Columbia, for a period of time commencing prior to the first day of August, 1901. Such application shall be verified and shall contain a statement showing: (a) the full name of the applicant; (b) all institutions at which he has studied and the period of such study, and all institutions from which he has graduated; (c) a statement of whatever certificate or certificates to practice medicine and surgery may have been issued to him, together with the date of such certificate and a description of the same, and, if required by the board, the certificates themselves, or satisfactory proof of their issuance; (d) a statement of all places in which said applicant has practiced medicine and surgery; (e) such other general information as to his past practice as may be required by the said board. The said board shall make such independent investigation of the character, ability and standing of the applicant as it may deem proper and necessary, and if it shall find after such investigation that said applicant has been a practicing physician and surgeon in any other state or territory or the District of Columbia, prior to August 1, 1901, and prior to said last named date has been duly licensed so to practice, and that his reputation as such physician and surgeon is good in the community in which he has so practiced medicine and surgery, they shall afford him an examination on a day suiting the convenience of the board not more than six (6) months subsequent to the presentation of

said application. Said examination shall be oral, practical, and clinical in nature, and full consideration shall be given to the duration and character of the applicant's practice. If after such last-mentioned examination it is determined by a majority vote of the said medical examiners conducting said examination, that such applicant is so qualified to practice medicine and surgery within the state of California, and that his reputation and standing in the community in which he has previously practiced is good, the said applicant shall be entitled to receive a "physician and surgeon certificate." Each applicant on making such application shall pay to the secretary of the board, a fee of fifty dollars (\$50), which shall be paid to the treasurer of the board, of which sum forty dollars (\$40) shall be returned to him should he not receive a certificate hereunder. All certificates issued pursuant to this section shall be marked across the face thereof "reciprocity certificate."

Sec. 14. RECIPROCITY—SUSPENSION OR REVOCATION OF LICENSE: Said board must refuse a certificate to any applicant guilty of unprofessional conduct. On the filing with the secretary of a sworn complaint, charging the applicant with having been guilty of unprofessional conduct, the secretary must forthwith issue a citation, under the seal of the board, and make the same returnable at the next regular session of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant when and where the charges of said unprofessional conduct will be heard, and that the applicant shall file his written answer, under oath, within twenty days next after the service on him of said citation, or that default will be taken against him and his application for a certificate refused. The attendance of witnesses at such hearing may be compelled by subpoenas issued by the secretary of the board under its seal. Said citation and said subpoenas shall be served in accordance with the statutes of this state then in force as to the service of citations and subpoenas generally, and all the provisions of the statutes of this state then in force relating to subpoenas and to citations are hereby made applicable to the subpoenas and citations provided for herein. Upon the secretary's certifying to the fact of refusal of any person to obey a subpoena or citation to the superior court of the county in which the service was had, said court shall thereupon proceed to hear said matter in accordance with the statutes of this state then in force as to contempts for disobedience of process of the court, and should said court find that the subpoena or citation has been legally served, and that the party so served has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this act, depositions of witnesses may be taken, the same as in civil cases, and all the provisions of the statutes of this state then in force as to the taking of depositions are hereby made applicable to the taking of depositions under this act. If the applicant shall fail to file with the secretary of said board his answer, under oath, within twenty days after service on him of said citation, or within such further time as the board may allow, and the charges on their face shall be deemed sufficient by the board, default shall be entered against him, and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, and to that end shall hear such proper evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. No certificate shall be refused on the ground of unprofessional conduct unless the applicant has been guilty of such conduct within two years next preceding his application. Whenever any holder of a certificate herein provided for is guilty of unprofessional conduct, as the same is defined in this Act, and the said unprofessional conduct has been brought to the attention of the board grant-

ing said certificate, in the manner herein-after provided, or whenever a certificate has been procured by fraud or misrepresentation, or issued by mistake, or the person holding such certificate is found to be practicing contrary to the provisions thereof of this act, it shall be the duty of said board either to suspend the right of the holder of said certificate to practice for a period not exceeding one year, or in its discretion to revoke his certificate. In the event of such suspension, the holder of such certificate shall not be entitled to practice thereunder during the term of suspension; but, upon the expiration of the term of said suspension, he shall be reinstated by the board and shall be entitled to resume his practice, unless it shall be established to the satisfaction of the board that said person so suspended from practice, has, during the term of such suspension, practiced in the state of California, in which event the board shall revoke the certificate of such person. No such suspension or revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. Said secretary in all cases of suspension or revocation shall enter on his register the fact of such suspension or revocation, as the case may be, and shall certify the fact of such suspension or revocation under the seal of the board, to the county clerk of the counties in which the certificates of the person whose certificate has been revoked is recorded; and said clerk must thereupon write upon the margin or across the face of his register of the certificate of such person, the following: "The holder of this certificate was on the \_\_\_\_ day of \_\_\_\_ suspended for \_\_\_\_," or, "This certificate was revoked on the \_\_\_\_ day of \_\_\_\_," as the case may be, giving the day, month and year of such revocation, or length of suspension, as the case may be, in accordance with said certification to him by said secretary. The record of such suspension or revocation so made by said county clerk shall be prima facie evidence of the fact thereof, and of the regularity of all the proceedings of said board in the matter of said suspension or revocation. The words "unprofessional conduct," as used in this act, are hereby declared to mean:

First: The procuring or aiding or abetting in procuring of a criminal abortion.

Second: The wilfully betraying of a professional secret.

Third: All advertising of medical business which is intended or has a tendency to deceive the public or impose upon credulous or ignorant persons, and so be harmful or injurious to public morals or safety.

Fourth: All advertising of any medicine or of any means whereby the monthly periods of women can be regulated or the menses re-established if suppressed.

Fifth: Conviction of any offense involving moral turpitude, in which case the record of such conviction shall be conclusive evidence.

Sixth: Habitual intemperance.

Seventh: The personation of another licensed practitioner.

Eighth: The use, by the holder of any certificate, in any sign or advertisement in connection with his said practice, or in any advertisement or announcement of his practice, of any fictitious name, or any name other than his own.

Ninth: The use, by the holder of a "drugless practitioner certificate," of drugs or what are known as medicinal preparations, in or upon any human being, or the severing or penetrating by the holder of said "drugless practitioner certificate" of the tissues of any human being in the treatment of any disease, injury, deformity, or other physical or mental condition of such human being, except the severing of the umbilical cord.

Tenth: Advertising, announcing or stating, directly, indirectly, or in substance, by any sign, card, newspaper advertisement, or other written or printed sign or advertisement, that the holder of such certificate or any other person, company, or association by which he is employed or in whose service

he is, will cure or attempt to cure, or will treat, any venereal disease, or will cure or attempt to cure or treat any person or persons for any sexual disease, for lost manhood, sexual weakness, or sexual disorder; or being employed by, or being in the service of, any person, firm, association, or corporation so advertising, announcing, or stating.

Eleventh: The use by the holder of a "drugless practitioner certificate" of the letters "M.D." or the words "doctor of medicine," or the term "physician and surgeon," or the term "physician," or the term "surgeon," in connection with his name or in connection with his practice, or otherwise, upon any sign, card, advertisement, or announcement, or otherwise.

Sec. 15. Every person holding a certificate under the laws of this state authorizing him to practice any system or mode of treating the sick or afflicted in this state must have it recorded in the office of the county clerk of the county or counties in which the holder of said certificate is practicing his profession, and the fact of such recordation shall be endorsed on the certificate by the county clerk recording the same. Any person holding a certificate as aforesaid, who shall practice or attempt to practice any other system or mode of treating the sick or afflicted in this state, without having first filed his certificate with the county clerk, as herein provided, shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than twenty-five dollars (\$25) nor more than one hundred dollars (\$100), or by imprisonment for a period of not less than thirty days nor more than sixty days, or by both such fine and imprisonment.

Sec. 16. COUNTY REGISTRATION: The county clerk shall keep in a book provided for the purpose a complete list of the certificates recorded by him, with the date of the record; and said book shall be open to public inspection during his office hours.

Sec. 17. PENALTIES: Any person who shall practice or attempt to practice, or who advertises or holds himself out as practicing, any system or mode of treating the sick or afflicted in this state, or who shall diagnose, treat, operate for, or prescribe for, any disease, injury, deformity, or other mental or physical condition of any person, without having at the time of so doing a valid unrevoked certificate as provided in this act, or who shall in any sign or in any advertisement use the word "doctor," the letters or prefix "Dr.," the letters "M.D.," or any other term or letters indicating or implying that he is a doctor under the terms of this or any other act, or that he is entitled to practice hereunder, or under any other law, without having at the time of so doing a valid unrevoked certificate as provided in this Act, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than one hundred dollars (\$100) nor more than six hundred dollars (\$600), or by imprisonment for a term of not less than sixty (60) days nor more than one hundred and eighty (180) days, or by both such fine and imprisonment. Upon each such conviction the fine shall be paid, when collected, to the state treasurer, and a report thereof shall be made to the state controller.

Sec. 18. BARTER OF DIPLOMAS OR CERTIFICATES: Any person, or any member of any firm, or official of any company, association, organization or corporation shall be guilty of a misdemeanor and upon conviction thereof shall be punishable by imprisonment in the county jail for not less than ten (10) days nor more than one (1) year, or by a fine of not less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000), or by both such fine and imprisonment, who, individually or in his official capacity, shall himself sell or barter, or offer to sell or barter any certificate authorized to be granted hereunder, or any diploma, affidavit, transcript, certificate or any other evidence required in this act for use in connection with the granting of certificates or diplomas, or who shall purchase or procure the same either directly or indirectly with

intent that the same shall be fraudulently used, or who shall with fraudulent intent alter any diploma, certificate, transcript, affidavit, or any other evidence to be used in obtaining a diploma or certificate required hereunder, or who shall use or attempt to use fraudulently any certificate, transcript, affidavit, or diploma, whether the same be genuine or false, or who shall practice or attempt to practice any system of treatment of the sick or afflicted, under a false or assumed name, or any name other than that prescribed by the Board of Medical Examiners of the state of California on its certificate issued to such person authorizing him to administer such treatment, or who shall assume any degree or title not conferred upon him in the manner and by the authority recognized in this act, with intent to represent falsely that he has received such degree or title, or who shall wilfully make any false statement on any application for examination, license or registration under this act, or who shall engage in the treatment of the sick or afflicted without causing to be displayed in a conspicuous manner and in a conspicuous place in his office the name of each and every person who is associated with or employed by him in the practice of medicine and surgery or other treatment of the sick or afflicted, or who shall, within ten days after demand made by the secretary of the board, fail to furnish to said board the name and address of all such persons associated with or employed by him or by any company or association with which he is or has been connected at any time within sixty (60) days prior to said notice, together with a sworn statement showing under and by what license or authority said person or persons, or said employee or employees, is or are, or has or have been, practicing medicine or surgery, or any other system of treatment of the sick or afflicted (provided that such affidavit shall not be used as evidence against said person or employee in any proceeding under this section).

Sec. 19. FRAUDULENT USE OF CERTIFICATE: Every person filing for record, or attempting to file for record, the certificate issued to another, falsely claiming himself to be the person named in or entitled to, such certificate, shall be guilty of a felony, and upon conviction thereof, shall be subject to such penalties as are provided by the laws of this state for the crime of forgery.

Sec. 20. FRAUD: Any person not a member of the State Board of Medical Examiners who shall sign, or issue, or cause to be signed or issued, any certificate authorized by this act, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than one hundred dollars (\$100) nor more than six hundred dollars (\$600) or by imprisonment for a term not less than sixty (60) nor more than one hundred and eighty (180) days, or by both such fine and imprisonment.

Sec. 21. PRIOR CERTIFICATES: Nothing in this act shall be construed to prohibit the practice by any person holding an unrevoked certificate heretofore issued under or validated by any medical practice act of this state, but all such certificates may be revoked for unprofessional conduct in the same manner and upon the same grounds as if they had been issued under this act.

Sec. 22. EXEMPTION: Nothing in this Act shall be construed to prohibit service in the case of emergency, or the domestic administration of family remedies; nor shall this act apply to any commissioned medical officer in the United States Army, Navy or Public Health Service, in the discharge of his official duties; nor to any licensed dentist when engaged exclusively in the practice of dentistry. Nor shall this Act apply to any practitioner from another state or territory, when in actual consultation with a licensed practitioner of this state, if such practitioner is, at the time of such consultation, a licensed practitioner in the state or territory in which he resides; provided, that such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this

state. Nor shall this Act be construed so as to discriminate against any particular school of medicine or surgery, or any other treatment, nor to regulate, prohibit or to apply to, any kind of treatment by prayer, nor to interfere in any way with the practice of religion.

Sec. 23. OTHER ACTS REPEALED: An act entitled "An act for the regulation of the practice of medicine and surgery, osteopathy, and other systems or modes of treating the sick or afflicted, in the state of California, and for the appointment of a Board of Medical Examiners in the matter of said regulation," approved March 14, 1907, as amended by a certain act approved March 19, 1909, as amended by a certain act approved May 1, 1911, is hereby repealed, and also all other acts and parts of acts in conflict with this act are hereby repealed.
